View all 1994 Chevrolet Lumina APV specs ... Everything is still like an old friend, however, as the Lumina that General Motors Corp.'s P.J. 'Pete' Peterson provided for a test vehicle ...

One of the most remarkable mechanized campaigns of recent years pitted the brutal and heavily armed jihadis of Islamic State against an improvised force belonging to the Kurdish YPG (later the SDF). While some Kurdish vehicles were originally from Syrian Army stocks or captured from ISIS, many others were extraordinary homemade AFVs based on truck or digger mechanicals, or duskas, the Kurds' version of the technical. Before US air power was sent to Syria, these were the Kurds' most powerful and mobile weapons. Co-written by a British volunteer who fought with the Kurds and an academic expert on armoured warfare, this study explains how the Kurds built and used their AFVs in the war against 'Daesh', and identifies as far as possible which vehicles took part in major battles, such as Kobane, Manbij and Raqqa. With detailed new artwork depicting the Kurds' range of armour and many previously unpublished photos, this is an original and fascinating look at modern improvised mechanized warfare.

A comprehensive index to company and industry information in business journals.

Going behind the scenes of an armored cavalry regiment, an insider's view includes photographs, illustrations, and diagrams of tanks, helicopters, and artillery systems, interviews with high-ranking officers, and future roles the armored cavalry might play. Original.
