Surveillance presents a conundrum: how to ensure safety, stability, and efficiency while respecting privacy and individual liberty. From police officers to corporations to intelligence agencies, surveillance law is tasked with striking this difficult and delicate balance. That challenge is compounded by ever-changing technologies and evolving social norms. Following the revelations of Edward Snowden and a host of private-sector controversies, there is intense interest among policymakers, business leaders, attorneys, academics, students, and the public regarding legal, technological, and policy issues relating to surveillance. This handbook documents and organizes these conversations, bringing together some of the most thoughtful and impactful contributors to contemporary surveillance debates, policies, and practices. Its pages explore surveillance techniques and technologies; their value for law enforcement, national security, and private enterprise; their impacts on citizens and communities; and the many ways societies do - and should - regulate surveillance.

Amy ’ s Uncle Al and her mother Ariel both seem to have insider knowledge that something terrible is going to happen in Manhattan on September 11, 2001. Thousands heeded Ariel ’ s warning in The Chrismatic Messenger to flee New York City. But how did they know? The military believes Amy ’ s father is somehow behind 9/11, even though he is supposedly dead and buried. As a weapons technologist, he was custodian of two Mark 53 nuclear bombs that were jettisoned by a failing B-52 over Champlain Lake at the same time he went missing in 1978. Now, years later, he seems to have come back from the dead. Only Amy can stop her uncle from executing her father ’ s plan to detonate one of the massive bombs inside a uranium mine in the Adirondacks, causing a cataclysmic chain reaction that would create a

Uncle Al is intent on stopping Amy from alerting authorities, by supplying her Chrislamic mother with evidence that although Amy swears she is a virgin, she and her cousin Ron have been indulging in “ fornication. ” According to Sharia law and Deuteronomy 13, Amy must be stoned to death. As Uncle Al prepares to detonate the dirtiest bomb in history, Ron attempts to stop Amy ’ s stoning before New York State blows sky high.
