The Harley-Davidson Source Book celebrates these iconic motorcycles in encyclopedia form. Rich with vivid photography, insightful commentary, and production specs and data, this is the #1 resource for die-hard Harley fans all around the world. When most people close their eyes and imagine a motorcycle, that motorcycle looks very much like a Harley-Davidson. That 's because Harley builds the archetypal motorcycle, the mythic bike that exists beyond the input provided by our traditional senses. This is what the philosopher Kant called a priori knowledge, knowledge we can ' t learn but only intuit. That makes a Harley-Davidson the a priori motorcycle. The Harley-Davidson Motor Co. builds motorcycles that

as collaborated on the most innovative, bold, technologically advanced cars made by General Motors. As a titan of American auto design, the cars he helped create are still celebrated today. And as an enduring legacy, he inspired a generation of engineers, designers, and stylists. Veteran automotive historian David W. Temple has researched and unearthed the complete story of Harley Earl ' s cars, his notable design achievements, and many accolades. Working as a coachbuilder at his father's Earl Automotive Works in Hollywood, California, the young Earl learned his trade. After styling the 1927 LaSalle for GM president Alfred P. Sloan, Earl rose to prominence and ran the newly created department of Art and Color. Automobile design stagnated during

the Depression and World War II, but the number of his contributions to the automotive world in the 1950s is staggering. When the jet age hit, he fully embraced aviation design and infused it into GM cars. The Buick Y-Job and GM Le Sabre featured many firsts in automotive design and hardware. The Y-Job's fender extensions trailing over the doors, disappearing headlamps, flush door handles, a metal cover over the convertible top were a few innovations. When General Motors needed to show off its cars and technology, Harley Earl-designed cars were the stars of the Motorama show that toured the country from 1949 to 1961. He led the team that created the 1953 Corvette, and this iconic American sports car is still going strong today. He was involved in the
