A Global Overview of International Tax Disputes on DTC This book is a unique publication that gives a global overview of international tax disputes on double tax conventions and thereby fills a gap in the area of tax treaty case law. It covers the 35 most important tax treaty cases which were decided around the world in 2017. The systematic structure of each chapter allows for the easy and efficient study and comparison of the various methods adopted for applying and interpreting tax treaties in different cases. With the continuously increasing importance of tax treaties, Tax Treaty Case Law around the Globe 2018 is a valuable reference tool for anyone interested in tax treaty case law. This book is of interest to tax practitioners, multinational businesses, policymakers, tax administrators, judges and academics.

This book examines competitive balance and outcome uncertainty from multiple perspectives. Chapters address the topic in different sports in a range of countries, to help to understand its significance. It provides readers with important new insights into previously

unexplored dimensions as well as a rich context for better understanding why fans, teams, and leagues value competitive balance. The book challenges readers to think about the topic in a broad and rigorous way, and in some cases to question widely held beliefs about how outcome uncertainty motivates competitive balance, and how sports fans actually view competitive balance.

Formula One 2018: The Carlton Sports Guide, the world's bestselling Grand Prix handbook, is the essential resource for the season ahead. Fans are kept fully up to speed with detailed examinations of the 10 F1 teams racing in 2018 (from Ferrari and Red Bull to Mercedes and Haas F1); 20 drivers (from world title rivals Sebastian Vettel and Lewis Hamilton to up-and-coming Lance Stroll and Esteban Ocon); and 21 tracks (from the returning Le Castellet and Hockenheim, to newcomers Sochi and Baku). It also reviews the dramatic and sometimes controversial 2017 season, with race-by-race reports and statistics; highlights changes to the rules and regulations for 2018; and discusses major talking points in F1. As well as the drivers' and constructors' world championship tables from 2017, there is a fill-in guide for 2018 so each book can become a personalised record of the Formula One season. Complementing Bruce Jones' insightful text are 90 colour images, detailed circuit maps and a statistics section

Slow Car Fast: The Millennial Mantra Changing Car Culture for Good explores the changing tides of car culture and re-examines the meaning of being a "car guy" in 2020. Veteran automotive journalist Ryan K. ZumMallen parses this world through the drivers, tuners and designers that live and breathe it against the fertile backdrop of Southern California. How did horsepower and speed get so out of control? Do young people still like cars? Who are the automotive icons that will shape car culture for years to come? Slow Car Fast offers answers to the questions on the mind of every kid who grew up with a poster on their wall and dreamed of owning their dream car one day, ferreted out through first-hand reporting on the ground. ZumMallen goes inside the automotive zeitgeist to explain how modern car culture came to be, from the old-school (massive improvements in engineering and technology) to the new-school (the rise of video games and social media). Featuring interviews with dozens of influential voices and ride-alongs in today's automotive unicorns, Slow Car Fast is a must-have eBook for anyone who knows that getting behind the wheel is only the beginning.
