In these years, Chevy made two types of filters. The dry filter was standard from the factory, and for some reason, wasn't as desirable as the oil bath type. Customers generally opted to have the dry filter replaced at the dealer. This makes the dry filter assembly very rare. You do see them on Ebay from time to time.

Nice. I've used washable filters from K and N before and they work great, if you stay on top of regularly cleaning them. Here's the problem though: if someone else does work on your car and decides to 'do you a favor' and replace your air filter with a brand new 10 dollar one, you are now out 40 bucks.
