The sum of these parts is 30 Challenges to Enlightenment. In combination, they add up to an immensely powerful toolkit for changing your life. As far as we know, no one has ever created a self-development obstacle course that remotely resembles 30 Challenges to Enlightenment. With quests based on the stages of enlightenment in the Zen tradition and a philosophical framework based on Nietzsche's "gymnastics of the will," this is truly a one-of-a-kind course.

The Scottish Enlightenment was, in large part, the result of the country's education system, both at the school and tertiary levels. Basic male literacy levels, at 75 percent, was twice that achieved in England, at that time, while the cost of university education, at any of Scotland's four Universities, was a tenth of that charged by either Oxford or Cambridge.

The Enlightenment, also known as the Age of Enlightenment, was a philosophical movement that dominated the world of ideas in Europe in the 18th century. It was centered around the idea that reason is the primary source of authority and legitimacy, and it advocated such ideals as liberty, progress, tolerance, fraternity, constitutional government, and separation of church and state.
