50 Principles Of Composition In Photography A by Nicole ... Composition is basically the arrangement and positioning of elements on a surface to form a piece of graphic design. So this could be on screen, it could be in print, but basically it's putting together any of those elements. It could be typography, it could be shapes, it could be images. And composition is a very powerful tool.

Principles of Composition - Week 4: Fundamentals of ... It is how the elements of art and design —line, shape, color, value, texture, form, and space—are organized or composed according to the principles of art and design —balance, contrast, emphasis, movement, pattern, rhythm, unity/variety—and other elements of composition, to give the painting structure and convey the intent of the artist. Composition is different from the subject matter of a painting.
