Historically in warfare, the majority of all combat deaths have occurred prior to a casualty ever receiving advanced trauma management. The execution of the Ranger mission profile in the Global War on Terrorism and our legacy tasks undoubtedly will increase the number of lethal wounds. Ranger leaders can significantly reduce the number of Rangers who die of wounds sustained in combat by simply targeting optimal medical capability in close proximity to the point of wounding. Directing casualty response management and evacuation is a Ranger leader task; ensuring technical medical competence is a Ranger Medic task. A solid foundation has been built for Ranger leaders and medics to be successful in managing casualties in a combat environment. The true success of the Ranger Medical Team will be defined by its ability to complete the mission and greatly reduce preventable combat death. Rangers value honor and reputation more than their lives, and as such will attempt to lay down their own lives in defense of their comrades. The Ranger Medic will do no less.

Rangers value honor and reputation more than their lives, and as such will attempt to lay down their own lives in defense of their comrades. The Ranger Medic will do no less.

Training Circular (TC) 3-21.76 uses joint terms where applicable. Selected joint and Army terms and definitions appear in both the glossary and the text. Terms for which TC 3-21.76 is the proponent publication (the authority) are italicized in the text and are marked with an asterisk (*) in the glossary. Terms and definitions for which TC 3-21.76 is the proponent publication are boldfaced in the text. For other definitions shown in the text, the term is italicized and the number of the proponent publication follows the definition. The principal audience for TC 3-21.76 are U.S. Army Rangers and combat arms units. Commanders and staffs of Army headquarters serving as joint task force or multinational headquarters should also refer to applicable joint or multinational doctrine concerning the range of military operations and joint or multinational forces. Trainers and educators throughout the Army will also use this publication.

The Army physician assistant (PA) has an important role throughout Army medicine. This handbook will describe the myriad positions and organizations in which PAs play leadership roles in management and patient care. Chapters also cover PA education, certification, continuing training, and career progression. Topics include the Interservice PA Program, assignments at the White House and the Old Guard (3d US Infantry Regiment), and roles in research and recruiting, as well as the PA's role in emergency medicine, aeromedical evacuation, clinical care, surgery, and occupational health. This handbook offers the techniques and tactics that make Army Rangers the best soldiers in the world. These highly-trained, easily-deployable, and widely-skilled infantrymen specialize in airborne assault, raids, recovery of personnel and equipment, and airfield seizure, among other difficult and dangerous missions. Drawing from over two centuries of bloody lessons learned in special operations combat, this guide gives modern soldiers the best advice possible. In straightforward language and a no-frills style, it covers deception, stealth, communications, escape and evasion, ambush operations, perimeter defense, counterintelligence, and much more. Handy and concise, this manual was designed so Rangers could easily carry it into the field. Now it is the ultimate resource for anyone who wants to know how Rangers think and work.

This handbook offers the techniques and tactics that make U.S. Army Rangers the best soldiers in the world. These highly trained, easily deployable, and widely skilled infantrymen specialize in airborne assault, raids, recovery of personnel and equipment, and airfield seizure, among other difficult and dangerous missions. Now, in this recently revised edition of the U.S. Army Ranger Handbook, you can get the latest info on everything from understanding the basics of Army operations and tactics to discovering what makes a soldier with good leadership qualities and character. Although primarily written for Rangers and other light infantry units, it serves as a handy reference for all military units, covering how infantry squad- and platoon-sized elements conduct combat operations in varied terrains. Drawing from over two centuries of lessons learned in special operations combat, this guide provides modern soldiers with best training possible. It effectively combines the lessons of the past with important insights for the future to help make army leaders the absolute best they can be. In straightforward, no-frills language, it covers deception, stealth, communications, escape and evasion, ambush operations, perimeter defense, counterintelligence, and much more. This book is the ultimate resource for anyone who wants to know how Rangers think and function.

This 685 page manual reproduces Part B of the much sought-after Soldier's Manual and Trainer's Guide for the MOS 18D Special Forces Medical Sergeant. The Special Forces Medical Sergeant is a highly trained professional able to prevent, diagnose and treat any number of medical conditions from combat injuries to OBGYN issues to infectious diseases and everything in between! An absolutely vital reference for the serious survival library. Note: For the full Soldier's Manual and Trainer's Guide, you'll also need to purchase Part A. At almost 1400 pages, this epic Austere medical reference was too large to fit in the one volume. This manual is printed in easy-to-read 6 x 9, perfect-bound paperback format, not some ring-bound computer printout. Proudly printed in the USA! The following medical texts should be in the preps of every serious off-grid survivor: Ranger Medic Handbook Special Operations Medical Handbook STP 31-18D34-SM-TG A MOS 18D Special Forces Medical Sergeant PART A: Skill Levels 3 and 4 STP 31-18D34-SM-TG B MOS 18D Special Forces Medical Sergeant PART B: Skill Levels 3 and 4 Publications in this series include: STP 31-18-SM-TG Special Forces Common Skills STP 31-18B34-SM-TG MOS 18B Special Forces Weapons Sergeant STP 31-18C34-SM-TG MOS 18C Special Forces Engineer Sergeant STP 31-18D34-SM-TG A MOS 18D Special Forces Medical Sergeant PART A STP 31-18D34-SM-TG B MOS 18D Special Forces Medical Sergeant PART B STP 31-18E34-SM-TG MOS 18E Special Forces Communications Sergeant STP 31-18F4-SM-TG MOS 18F Special Forces Assistant Operations and Intelligence Sergeant

This handbook describes the techniques used by US Army Ranger Medics. This book is the ultimate resource for anyone who wants to know how Ranger Medics function. Formatted to 7.5 x 9.25 handbook. Both Page size and the content were made larger to make it easier to read.. Not too big. Not too small. The Ranger Medic Handbook covers: Trauma Assessment Airway Management Hemorrhage Management Thoracic Trauma Management Hypovolemic Shock Management Head Injuries Seizures Spinal Cord Injuries Orthopedic Trauma Burns Hyperthermia Heat Injuries Routine Medical Problems Often Seen Equipment Lists and Much More. The Ranger Medic Code 1. I will always remember that these are the finest Infantry on this earth, and that as such they deserve the finest health care. 2. No Ranger or Ranger dependent who comes to me for health care will ever be turned away without their needs being addressed, even if their paperwork/administrative requirements are not in order. 3. I will never let slip my mind the fact that in chaos of battle, I am all that stands between that bleeding, wounded Ranger and the finality of death. I will perform my job with such skill that the grim reaper will walk away empty-handed. 4. I will always remember that I must not only treat wounded Rangers, I must also carry them sometimes. I will maintain the physical conditioning necessary to accomplish this. 5. I will always remember that uniforms, weapons and supplies can all be DX'd but that each Ranger only comes with one body. I will never jeopardize the safety and/or recovery of that body by performing medical tasks beyond my skill and training. 6. I will always be cognizant of the fact that people do not suddenly get well after 1700 hours and on weekends, and that as such, I will willingly provide or coordinate for health care 24 hours a day, 7 days a week. 7. I will never do anything stupid because "they" or "regulations" require it to be so. I will find a way to accomplish my mission and serve the Rangers of this Regiment. 8. I will always remember that everything I use is paid for by US citizens. I will remember those tax dollars are collected from the American people and given to the Rangers because those people believe that in exchange for that money they will be kept safe from the tyrants of the world. 9. I will never forget that this is an Infantry unit supported by a medical team; not a medical team supported by a plethora of Infantry. 10. I will never forget that when the tyrants of the earth look towards the USA and plot mischief, they see a wall of cold steel backed up by determined men wearing Tan Berets; and then they plot their mischief somewhere else. The extent to which I support that wall is the extent to which I have a right to consume oxygen. BUY YOUR COPY TODAY!

The Special Operations Forces Medical Handbook is a comprehensive reference designed for combat and special forces medics in the field, it is also a must-have reference for any military or emergency response medical personnel, particularly in hostile environments. Developed as a primary medical information resource and field guide for the Special Operations Command (SOCOM). As a grid-down medical reference for the doomsday prepper it can't be beaten. Defines the standard of health care delivery under adverse and general field conditions. Organized according to symptoms, organ systems, specialty areas, operational environments and procedures. Emphasizes acute care in all its forms (including gynecology, general medicine, dentistry, poisonings, infestations, parasitic infections, acute infections, hyper- and hypothermia, high altitude, aerospace, dive medicine, and sanitation.). DO NO HARM, DO KNOW HARM The following medical texts should be in the preps of every serious off-grid survivor: Ranger Medic Handbook Special Operations Medical Handbook STP 31-18D34-SM-TG A MOS 18D Special Forces Medical Sergeant PART A: Skill Levels 3 and 4 STP 31-18D34-SM-TG B MOS 18D Special Forces Medical Sergeant PART B: Skill Levels 3 and 4
