As such, a consciousness of pluralisms is expressed in society, in everyday relationships, and, more specific to the aims of A Matrix of Meanings, in theologizing. Consequently, recognizing the importance of engaging pop culture on its own terms in an ongoing relationship, Detweiler and Taylor have responded by creating a rather ingenious matrix to aid in making and discovering meaning and theological significance.

$M = \text{mean}(A, \text{vecdim})$ computes the mean based on the dimensions specified in the vector `vecdim`. For example, if A is a matrix, then $\text{mean}(A, [1 \ 2])$ is the mean of all elements in A , since every element of a matrix is contained in the array slice defined by dimensions 1 and 2.

doing? What do they represent? and What do they say about the world in which we live? Rather than deciding whether Bono deserves our admiration, the authors examine the phenomenon of celebrity idolization. Instead of deciding whether Nike's "Just do it" campaign is morally questionable, they ask what its success reflects about our society. A Matrix of Meanings is a hip, entertaining guide to the maze of popular culture. Plentiful photos, artwork, and humorous sidebars make for delightful reading. Today the world is literally at our fingertips. We can call, text, email, or post our status to friends and family on the go. We can carry countless games, music, and apps in our pocket. Yet it's easy to feel overwhelmed by access to so much information and exhausted from managing our online relationships and selves. Craig Detweiler, a nationally known writer and speaker on media issues, provides needed Christian perspective on navigating today's social media culture. He interacts with major symbols, or "iGods," of our distracted age--Google, Facebook, Amazon, Apple, Pixar, YouTube, and Twitter--to investigate the impact of the technologies and cultural phenomena that drive us. Detweiler offers a

historic look at where we've been and a prophetic look at where we're headed, helping us sort out the immediate from the eternal, the digital from the divine.

Our culture has been reeling from divisiveness and strife. People have been divided politically (into red and blue states), morally, and spiritually. How can you reach across these rifts, mend fractured relationships, and share the healing love of God? You can become a "purple" Christian—a follower of Christ who finds middle ground, not to compromise but to converse. A purple Christian... embodies the love of God and avoids evangelistic clichés, encourages creativity and

the arts as expressions of God's goodness, revels in love and joy but also faces disappointment and doubt honestly advocates for all people, not only the unborn but also those lacking education and health care or struggling with poverty, helps all people experience the benefits of Christ's reign instead of determining who is "in" and who is "out". Christians have become known for what they oppose rather than what they propose-faith, hope, and love. A Purple State of Mind dismantles unhelpful misrepresentations of Jesus' life-giving message and shows how you can live out the good news in a pluralistic world. Book jacket.

and Dennis Waskul have brought together a variety of short essays that illustrate the many ways that popular culture intersects with mundane experiences of everyday life. Most essays are written in a reflexive ethnographic style, primarily through observation and personal narrative, to convey insights at an intimate level that will resonate with most readers. Some of the topics are so mundane they are legitimately universal (sleeping, getting dressed, going to the bathroom, etc.), others are common enough that most readers will directly identify in some way (watching television, using mobile phones, playing video games, etc.), while some topics will appeal more-or-less depending on a reader's gender,

interests, and recreational pastimes (putting on makeup, watching the Super Bowl, homemaking, etc.). This book will remind readers of their own similar experiences, provide opportunities to reflect upon them in new ways, as well as compare and contrast how experiences relayed in these pages relate to lived experiences. The essays will easily translate into rich and lively classroom discussions that shed new light on a familiar, taken-for-granted everyday life—both individually and collectively. At the beginning of the book, the authors have provided a grid that shows the topics and themes that each article touches on. This book is for popular culture classes, and will also be an asset in courses on the

How can Christianity continue to rejoice over a redemption that came at the cost of the violent suffering and death of Jesus Christ? In the wake of increasing revulsion toward oppression and abuse—both historic and contemporary—traditionally Protestant and evangelical theology is in the precarious position of defending one of its cardinal doctrines amidst a host of compelling critiques and alternatives. In *I Will Repay*, Dennis Oh explores how soteriology rooted in Scripture and resonant with tradition can also be conversant with the cinematic

experience offered by popular films. It proposes a narrative reenvisioning of the mechanism of atonement that both supports and extends traditional theological categories and vocabularies while retaining the cross-centered conviction of an evangelical gospel.

When it comes to Hollywood, Christians too quickly wash their hands of popular culture and leave this immensely influential media to unbelievers. In truth, the industry is listening. There is a church in Hollywood, but too often their work is unrecognized. Behind the Screen offers a glimpse of Hollywood insiders who, through their jobs on movie sets, behind

TV shows, and in radio broadcasts, work together to give glory to God. With contributions from the writers and producers of such productions as Joan of Arcadia, Mission Impossible, Batman Forever, That '70s Show, and others, believers everywhere are encouraged to join with the church in Hollywood and do their part in closing the gap between Christianity and culture.

Examines forty-five films from the early twenty-first century, offering insight into their spiritual connections and theological applications.

shows how to engage faith and culture through a wide range of popular music, including the blues, hip-hop, and rock. He examines artists such as Arcade Fire, Kanye West, Leonard Cohen, and Billie Holiday, offering a fresh, compelling theology of culture in conversation with C. S. Lewis that can look suffering and brokenness in the face because it knows of a love deeper than hate, a hope stronger than despair. Written engagingly yet with theological depth, this book will resonate with readers interested in the interface between pop culture, music, and theology, as well as with pastors and youth ministers.
