By the 15th century, coffee was being grown in the Yemeni district of Arabia and by the 16th century it was known in Persia, Egypt, Syria, and Turkey. Coffee was not only enjoyed in homes, but also in the many public coffee houses — called qahveh khaneh — which began to appear in cities across the Near East. The popularity of the coffee houses was unequalled and people frequented them for all kinds of social activity.

The History of Coffee - National Coffee Association

The history of coffee dates back to the 15th century, and possibly earlier with a number of reports and legends surrounding its first use. The earliest substantiated evidence of either coffee drinking or knowledge of the coffee tree is from the early 15th century, in the Sufi monasteries of Yemen, spreading soon to Mecca and Medina. By the 16th century, it had reached the rest of the Middle ...

History of coffee - Wikipedia

Coffee was so powerful a force that it forged a social revolution. Coffee was drunk in the home as a domestic beverage but, more significantly, it was also drunk in the ubiquitous public coffee houses – qahveh khaneh – which sprang up in villages, towns and cities across the Middle East and east Africa. These coffee houses soon became all the rage and were the place to go to socialise.
