'A Whiter Shade Of Pale' was just another bunch of lyrics. I had the phrase 'a whiter shade of pale,' that was the start, and I knew it was a song. It's like a jigsaw where you've got one piece, then you make up all the others to fit in. I was trying to conjure a mood as much as tell a straightforward, girl-leaves-boy story.

1939 HOLLYWOOD-THE LAND OF DREAMS FOR MANY, A PLACE OF NIGHTMARES FOR SOME. One hundred young women, seeking the elusive stardom of the silver screen, have come up missing without a trace. With Hitler and Tojo running rampant across the globe, and with the world falling apart around them, it will be up to the men and women of the Sunset Detective Agency and investigator, Samuel Dalhart, to come up with the answers to the most complex series of disappearances ever to hit the glittered sidewalks of Los Angeles. Coming to the defense of a Hollywood legend centered in the sights of not only the L.A. Police Department, but J. Edgar Hoover himself, Dalhart and his band of investigators must clear the greatest star of the century, Charlie Chaplin, against the assault of law enforcement looking for someone to blame, and the "Little Tramp" is their target. With a huge cast of Hollywood legends rivaling any movie script, the trail that is followed leads to the inescapable conclusion that something has arrived in Los Angeles and a most evil and ancient legend has come with it. With cameos from the most achieved actors of their time, the stars themselves become embroiled in an unbelievable reality that has escaped the very pages of Universal Studio's most famous horror movies. The die has been cast and the Sunset Detective Agency will be plunged into a battle against a blackness that has found sanctuary in the most brightly lit corner of the globe-Hollywood. The beast has escaped the insanity of Europe and is now stalking its new prey, an easy hunt of the young women who only wished to find fame and fortune in the movie capital of the world. The dark nights are closing in and the brightest lights of the city cannot keep this ancient legend at bay, and the hunt for this beast will set up the greatest battle of Good vs. Evil ever conceived in the place known for its glitz and glamor-Tinseltown. The monster of film-land is here and he is very hungry.

Formed in the 1960s, progressive rock band Procol Harum are best known for their multimillion-selling single "'A Whiter Shade of Pale'" which is the most played record by a British artist of the last 70 years. This book features exclusive interviews with band members as well as with Led Zeppelin's Jimmy Page, film director Alan Parker, former managers, DJs and many others. It tells the story of their formation in Essex in the 60s, their split on the 10th anniversary in 1977 and their reformation in 1991. This enthralling account details one of the costliest court cases in British music history whereby a judge awarded a 40% share in the copyright of "'A Whiter Shade of Pale'" to a former organist of the band. The band's history is brought right up to date with details of recent album releases and tours over the last decade.

HOW WHITE YOU ARE! If you thought you had white people pegged as Oscar-party-throwing, Prius-driving, Sunday New York Times – reading, self-satisfied latte lovers—you were right. But if you thought diversity was just for other races, then hang on to your eco-friendly tote bags. Veteran white person Christian Lander is back with fascinating new information and advice on dealing with the Caucasian population. Sure, their indie-band T-shirts, trendy politics, vegan diets, and pop-culture references make them all seem the same. But a closer look reveals that from Austin to Australia, from L.A. to the U.K., indigenous white people are as different from one another as 1 percent rBGH-free milk is different from 2 percent. Where do skinny jeans and bulky sweaters rule? Where is down-market beer the nectar of the hip? If you want to know the places cute girls with bangs and cool guys with beards roam and emo musicians and unpaid interns call home, you 'd better switch off the Adult Swim reruns, put down that copy of The Onion, pick up this book, and prepare to see the white.

A satirical work looks at how different regions in North America affect the style, attitude, likes, and dislikes of white, liberal hipsters.

This is the remarkable story of resilience and courage to power forward toward a better life, to love in the shadow of hate. A Darker Shade of Pale is a story of hope in the face of despair and of courage when faced with insurmountable obstacles.
