This nicely filled-out arrangement of the famous theme from Beethoven's 9th Symphony is especially appropriate as a performance piece for an intermediate level pianist, featuring elements of the symphonic work intertwined with the theme. It is presented in D major, has a wide keyboard range, and nice extremes in dynamics.

An Organ solo composed by Léon Boëllmann.

Illustrations and the song "Summertime" from the "Porgy and Bess" musical depict a family's routine summer day.

A Cello solo with Piano Accompaniment composed by Gabriel Fauré.

Are you a trumpet player who needs to improve your range, endurance, flexibility or sound? "Daily Routines" is a proven approach which has helped thousands of trumpet players grow in strength without having to resort to annoying high note methods. "Daily Routines" is NOT a high note method. Yet, most of its users have greater range than people who call themselves "screamers." The difference is that "Daily Routines" does not work on range separately from other aspects of trumpet playing. Range is a by-product of strength, and strength comes from very specific daily practice habits. With the "Daily Routines" book, you can play higher with greater endurance AND produce a quality sound. The systematic design of the routines makes the progress automatic. There is no need to stress over physical mechanics. The book is designed so that playing the exercises in the correct order automatically leads to proper physical technique. Progress is natural and intuitive, and is a result of the musician submerging him/herself in that musical environment.
