A notary public record book works well for keeping track of required notarial data, such as names, signatures, and thumbprints. You can even choose a binder for 3-on-1 business checks and deposit registers. Made for the Long Haul These books are made to last for years. Most have covers or made from durable materials that can handle rough treatment with grace.

An accounting journal is a detailed account of all the financial transactions of a business. It's also known as the book of original entry as it's the first place where transactions are recorded. The entries in an accounting journal are used to create the general ledger which is then used to create the financial statements of a business.

*WallStreetMojo*

In accounting and bookkeeping, a journal is a record of financial transactions in order by date. Traditionally, a journal has been defined as the book of original entry. The definition was more appropriate when transactions were written in a journal prior to manually posting them to the accounts in the general ledger or subsidiary ledger.

*What is a journal? | AccountingCoach*

The accounting journal entry is the first step in the financial reporting process. It is the basis for all the other financial reports prepared by the business. Each financial transaction requires a debit to one of the business's accounts and a credit to another to fully show the transaction.
