Preparing for Your ACS Examination
in Organic Chemistry: The Official
Guide (commonly called the Organic
Chemistry Study Guide) This guide is
the newest update to our suite of
study materials. A second edition was
released in early 2020 with over 240
pages and over 600 unique problems.
The guide is organized similarly to the
general chemistry guide with a clear
separation of first-term and second-
term material.

It was difficult for me to use it as a
study guide due to pen marks.
However this is extremely similar to
the real ACS exam. If you need to
review Organic 1 as well as the
material from Organic 2 this is the
best study guide. Stay away from
purchasing a used study guide to
avoid what happened to me.

I bought the ACS book, but would like to have some kind of sample exam or anything close relating to their style of exams. I ask this because I already took the ACS General Chemistry example, and i felt the study book was completely different from the actual exam that I took. I really need to score high about the 80th percentile.
