The Mysteries of the Great Cross of Hendaye is a thorough exposition of the hidden meaning encoded into this Hendaye Cross. The authors have traced the alchemical thread back to Egypt; to the first Gnostic groups, and re-exposed the fact that behind alchemy lies a triple transmutation - inner, outer and time.

Alchemy can be regarded either as an esoteric philosophy, as an experimental and physical science, or as a combination of the two. Many enquirers make the mistake of taking a one-sided view, the chemists calling the alchemists fools on account of the mystical language they employ, and the alchemists deriding the chemists for their materialism, whilst many mystics take a purely transcendental view, regarding alchemy as the transmutation of the Higher Self of man and its perfection.

In a world where magic and alchemy are commonplace, lives an apprentice alchemist named Mira. One day when practicing at the alchemy university, Mira makes a huge mistake while trying to create a potion. As the smoke clears, everything seems to be fine, but she begins to feel strange. Before long, she realizes that her body has changed!

In alchemy, as in psychology, the goal is to develop a balance of the elements within the individual. Even Empedocles noted that those who have near equal proportions of the Four Elements are more intelligent and have the truest perceptions of reality. Personal transformation and individual integration are dependent upon balancing the elements within the psyche, and the deeper relationships of the elements (whether they oppose or complement one
