CimQuest InGear's Net.Logix 4.0 Software

The new ControlLogix 5580 controller from Rockwell Automation provides up to 45 percent more application capacity and includes an embedded 1-gigabyte Ethernet port to support ... Automation has ...

New ControlLogix 5580 Controller Enables Faster System Performance, Reduces Complexity and Supports Enhanced Security

The Allen-Bradley ControlLogix EtherNet/IP communication module leverages ODVA security enhancements, known as CIP Security, which helps to create a more robust level of protection in control ...

Rockwell Automation Communication module with CIP Security

and the vendor's EtherNet/IP Configurator software, which is used for configuring I/O points and establishing and defining communication with an Allen-Bradley ControlLogix or CompactLogix PLC. Also ...

Hands-on Learning for Intelligent I/O

For VFFS control, Kinetix offers ControlLogix with embedded motion, Allen-Bradley drives and motors ... can use PanelView connected to the ControlLogix(TM) platform via EtherNet to change recipe ...

Motion control goes modular

The Allen-Bradley Stratix 5100I can function as a wireless access ... while providing wireless connectivity to wired clients that are connected using TCP/IP like EtherNet/IP. This design flexibility ...

New Wireless Access Point Extends the Reach of EtherNet/IP, Eases Access to Production Data

The models combine a high performance motion controller with 100 Mbit Ethernet communications to a high torque NEMA 24 step motor. Connecting to an Allen-Bradley ControlLogix, CompactLogix or ...

Applied Motion Products: Integrated Stepper Drive+Motors

SIMOTION D is ideal for the power and flexibility of Ethernet for engineering ... 16 software from Rockwell Automation allows users of Allen-Bradley PowerFlex drives to consolidate drive configuration ...

System Level Solutions

Ethernet digital I/O board with 24 digital I/O, +/-24 mA drive capability, and one 32-bit counter. KEY HIGHLIGHTS. The E-DIO24 Series Ethernet digital I/O devices provide 24 channels for driving ...

Ethernet I/O Modules and Instruments

Description: TDSi DIGIgarde PLUS combines PIN, Card and finger authenticity all in one unit. With a high-resolution optical sensor and a quick matching algorithm, DIGIgarde PLUS gives maximum ...
