The purpose of the American Red Cross First Aid/CPR/ AED program is to help participants recognize and respond appropriately to cardiac, breathing and first aid emergencies. The courses in this program teach skills that participants need to know to give immediate

This New American Red Cross CPR/AED for the Professional Rescuer Participant's Manual and course reflect changes based on the 2005 Consensus on Science for CPR and Emergency Cardiovascular Care (ECC) and the Guidelines 2005 for First Aid. Changes to this program and manual include simplifications to many of the CPR skill sequences, which helps improve retention. There have also been changes to help improve the quality of CPR. The integration of CPR skills into the operation of AEDs had changed to help improve survival from sudden cardiac arrest. Professional rescuers are now trained to use AEDs on adults and children. Information has been updated and added to this program to help professional rescuers administer epinephrine, aspirin and fixed-flow-rate oxygen. The skills learned in this course include adult, child and infant rescue breathing, conscious and unconscious choking, CPR, two-rescuer CPR and adult and child AED. Additional training can be added to this course including bloodborne pathogens training and emergency oxygen administration. While the skills and knowledge that professional rescuers use are increasing, this training will help you meet your most important responsibility as a professional rescuer- the responsibility to save lives.

20-2804

Completely updated and revised to include the 2005 guidelines for cardiovascular resuscitation (CPR) and emergency cardiovascular care (ECC), CPR and AED. Fifth Edition integrates the training of CPR and AED into one simple program. This program teaches basic life support and addresses breathing and cardiac emergencies in caring for adults, children, and infants. It is also designed to facilitate the efficient training, testing, and retesting in the use of automated external defibrillators (AEDs).

This practice test includes 140 multiple choice test questions about American Red Cross Lifeguard Exam. The test has been carefully developed to assist you to pass your actual test. It will help you prepare for and pass your exam on the first attempt but it does not include any study guide. The book focuses only on carefully selected practice questions. THREE main topics, LIFEGUARDING and WATER SKILLS are covered in this test. Lifeguarding questions focus on; #9642 Lifeguarding Skills #9642 Professional Rescuer and First Aid Water Skills questions focus on; #9642 Basic Water Rescue #9642 Waterfront Skills #9642 Waterpark Skills #9642 Shallow Water Lifeguarding Skills

Discusses the history and techniques of swimming and diving, safety rescue techniques, and skills for a variety of aquatic activities.

As the number of community pools and waterparks grows nationwide, participation in aquatic activities is also growing. Lifeguards must receive proper and effective training, and maintain their skills to ensure their ability to work effective with others as a part of a lifeguard team. This manual will supplement your in-service training to keep your knowledge and skills sharp.

First Aid, is a dynamic course for those who want first aid training without the CPR and AED component.
