Andria (Italian pronunciation: ()) is a city and comune in Apulia (southern Italy). It is an agricultural and service center, producing wine, olives and almonds. It is the fourth-largest municipality in the Apulia region (behind Bari, Taranto, and Foggia) and the largest municipality of the Province of Barletta-Andria-Trani. It is known for the 13th-century Castel del Monte

NORFOLK, Va. — Norfolk city councilmember Andria McClellan confirmed Tuesday that she is entering the 2021 race for Virginia lieutenant governor. McClellan announced back in July that she was just...

Launching a much-needed new series discussing each comedy that survives from the ancient world, this volume is a vital companion to Terence's earliest comedy, *Andria*, highlighting its context, themes, staging and legacy. Ideal for students it assumes no knowledge of Latin, but is helpful also for scholars wanting a quick introduction. This will be the first port of call for anyone studying or researching the play. Though *Andria* launched Terence's career as a dramatist at Rome, it has attracted comparatively little attention from modern critics. It is nevertheless a play of great interest, not least for the sensitivity with which it portrays family relationships and for its influence on later dramatists. It also presents students of Roman comedy with all the features that came to characterize Terence's particular version of traditional comedy, and it raises all the interpretive questions that have dogged the study of Terence for generations. This volume will use a close reading of the play to explore the central issues in understanding Terence's style of play-making and its legacy.
