the name Dr. David G. Myers. Now, he and his new co-author, Nathan DeWall, bring you a book that will allow you to use College Board's new Personal Progress Checks and Dashboard more effectively. This updated edition includes 100% of the new course content in the new nine-unit structure. All teacher and student resources will also be updated to correlate to the new student edition; this includes the TE, TRFD, TB, Strive, and LaunchPad. Everything will publish in summer 2020 such that you can use this new program for Fall 2020 classes. If you're not familiar with

Myers/DeWall texts, you are in for a treat! Drs. Myers and DeWall share a passion for the teaching of psychological science through wit, humor, and the telling of poignant personal stories (individually identified in the text by the use of each author's initials [DM and ND]). Through close collaboration, these authors produce a unified voice that will teach, illuminate, and inspire your AP® students.

Thus begins market-leading author David Myers' discussion of developmental psychology in Unit 9 of his new Myers' Psychology for

AP® Second Edition. With an undeniable gift for writing, Dr. Myers will lead your students on a guided tour of psychological science and poignant personal stories. Dr. Myers teaches, illuminates, and inspires. Four years ago, we published this ground-breaking text which is correlated directly to the AP® course. Today, we build on that innovation and proudly introduce the 2nd AP® Edition. Whether you are new to AP® psychology or have many years under your belt, this uniquely AP® book program can help you achieve more.

This updated manual presents one diagnostic test and two full-length practice tests that reflect the actual AP Psychology Exam in length, subject matter, and difficulty. All test questions are answered and explained. It also provides extensive subject review covering all test topics. Topics reviewed include research methods, the biological basis of behavior, sensation and perception, states of consciousness, learning, cognition, personality, abnormal psychology, and treatment of disorders. This

Outlines Myers manual also presents an overview of the test, extra multiple-choice practice questions, test-taking tips, and an analysis of the test's essay question with a sample essay. Enclosed with the manual is a CD-ROM that presents two more practice tests with answers, explanations, and automatic scoring, as well as extensive subject review.

In PSYCHOLOGY: THEMES AND VARIATIONS, BRIEFER VERSION, Wayne Weiten continues his proven combination of a scientifically rigorous text with selective pedagogy that

Outlines Myers makes learning easy for students. Weiten's approach is backed by a straightforward writing style, unparalleled in-text visuals and didactic art program, and in-book review to help users prioritize and retain the core concepts. Weiten surveys psychology's broad range of content with three aims: to illuminate the process of research and its intrinsic relationship to application (themes); to show both the unity and diversity of the subject (variations), and to invite users to the study of psychology by respecting their ability to master its fundamental concepts.

different research areas in  
psychology.

David Myers' bestselling  
Psychology has reached a  
wider audience of students  
and instructors with each  
new edition. Myers and his  
team lead the field in being  
attuned to psychology's

research and the needs of the instructors and students in the course today. Ten million student class testers and thousands of adopting instructors can attest to the quality of this project. True to form, this landmark new 11th Edition is another vigorous, deeply considered revision.

Kaplan's, 5-Steps, Crash Course and the others are great resources for reviewing at the end, but Tamm's Textbook Tools accompany kids all year long. This AP Psychology companion is filled with

vocab and assignments that follow the Myers text throughout the year, chapter-by-chapter. It can be used for regular weekly assignments or review. It can be used on short notice if there is a sub, or be done as homework. All you need is the textbook.

Teachers can copy at will, or the book can be used as a student consumable. As publishers started putting the majority of their content online, it opened a niche for traditional paper assignments, a void filled by this series. Whether the textbook itself is written in ink or electrons, students still need to write
