Written by Steve Potter and revised by a senior examiner, Martin Rowland, this AQA A2 Biology Student Unit Guide is the essential study companion for Unit 4: Populations and Environment. This full-colour book includes all you need to know to prepare for your unit exam: clear guidance on the content of the unit, with topic summaries, knowledge check questions and a quick-reference index examiner's advice throughout, so you will know what to expect in the exam and will be able to demonstrate the skills required exam-style questions, with graded student responses, so you can see clearly what is required to get a better grade

"This revision book has everything that I wanted when I was revising my Biology for AS-Level. It has clear concise revision notes and notes pages for you to add your own notes as you go along" Myrevisionnotes is a series founded by what I thought was wrong with revision books for A-level. They simply didn't work for me and then I realised that this was because they weren't mine! Simply these revision guides are a collection of clear and concise revision notes, just what you need to know presented in an easy to read format. Simple right?

The book provides extensive support for the students taking the new GCSE with AQA, with a strong emphasis throughout on 'How science works'. It focuses on real-life contexts, allowing students to understand that science is not always centred in a laboratory. The book aims to motivate and engage students with many up-to-date applications and ideas. This is a book based firmly in the 21st Century. The pages are packed full of activities to help students prepare for the new Investigative Skills Assignments, while continuing to provide plenty of questions for homework and practice for external exams. Higher-tier students will find plenty of material to apply their knowledge and to progress their skills in areas such as enquiry and data handling. When used with the Foundation Student's Book these two titles provide comprehensive differentiation in teaching AQA Core Science to students of all abilities. The authors include experienced examiners, successful writers and practising teachers.

Philosophy for A2: Unit 4 is the definitive textbook for students of the current AQA Advanced Level syllabus for philosophy. Structured very closely around the AQA specifications for Unit 4: Philosophical Problems, Michael Lacewing helps students to engage with and understand the arguments of the five key texts: Hume's An Enquiry Concerning Human Understanding Plato's The

Republic Mill's On Liberty Descartes'  
Meditations Nietzsche's Beyond Good and Evil.  
All chapters are helpfully subdivided into short digestible passages, and include: quiz questions to test core knowledge discussion questions to deepen understanding 'going further' sections for advanced study text boxes highlighting key definitions and arguments cross-references to help students make connections. In addition, a chapter on exam preparation contains a wealth of helpful hints and tips on revision and exam techniques. Written by an experienced philosopher and A Level consultant, Philosophy for A2: Unit 4 is an essential companion for all students of A2 Level philosophy.

Please note this title is suitable for any student studying: Exam Board: AQA Level: A Level Subject: Biology First teaching: September 2015 First exams: June 2017 Fully revised and updated for the new linear qualification, written and checked by curriculum and specification experts, this Student Book supports and extends students through the new course whilst delivering the maths, practical and synoptic skills needed to succeed in the new A Levels and beyond. The book uses clear straightforward explanations to develop true subject knowledge and allow students to link ideas together while developing essential exam skills.

This revised set of resources for Cambridge International AS and A Level Business syllabus (9609) is thoroughly updated for the latest version of the curriculum. Written by experienced authors, the Coursebook provides comprehensive coverage of the syllabus. Accessible language combined with the clear, visually-stimulating layout makes this an ideal resource for the course. Questions and explanation of key terms reinforce knowledge; different kinds of activities build application, analytical and evaluation skills; and case studies contextualise the content making it relevant to international learners. It provides thorough examination support for all papers with exam-style questions with each chapter and an extensive Paper 3 style case study with each unit. The student CD-ROM contains revision aids, further questions and activities. A Teacher's CD-ROM is also available.

'Official SQA Past Papers' provide perfect exam preparation. As well as delivering at least three years of actual past papers - including the 2008 exam - all papers are accompanied by examiner-approved answers to show students how to write the best responses for the most marks.

Comprehensive student-friendly resources designed for teaching Cambridge International AS and A Level English Language (syllabus

9093 for first examination in 2015). The core aim of this Coursebook is to help students to develop and apply the key skills they need to achieve in AS and A Level English Language. They will build the skills needed for assessment through frequent activities. Divided into two distinct parts for AS and A Level studies, the book covers a wide range of reading skills, such as understanding aspects of style, voice and tone. It also addresses the conventions of key kinds of writing and spoken language, from scripted speeches to travel articles, and looks at how they can capture these conventions in their own work.

The most comprehensive coverage of the new 2014 syllabus for both SL and HL, this completely revised edition gives you unrivalled support for the new concept-based approach to learning, the Nature of Science. The only DP Biology resource that includes support straight from the IB, integrated exam work helps you maximize achievement.

A best-seller now available in full colour, covering the entire IB syllabus.
