While protecting egotistical transfer student Orion, Artemis makes a mistake that later provides her with the chance that she has both hoped for and dreaded, to prove her courage to herself and others at Mount Olympus Academy.

The Goddess Girls by Joan Holub and Suzanne Williams put a modern spin on classic Greek myths!

Athletic Artemis rails against the all-boys' Olympic Games at Mount Olympus Academy, which leaves her at odds with her twin brother, Apollo, while a mortal boy named Actaeon catches her eye.

Get to know the Goddess Girls in this four-book box set that comes with a stylish charm bracelet. The Goddess Girls at Mount Olympus Academy—Athena, Persephone, Aphrodite, and Artemis—give ancient Greek myths present-day personality! This deluxe box set includes the first four volumes of the popular series, along with a coordinating charm bracelet, and is ideal for new and old fans alike.

While protecting egotistical transfer student Orion, Artemis makes a mistake that later provides her with the chance that she has both hoped for and dreaded, to prove her courage to herself and others at Mount Olympus Academy.

Well-researched and true to the original myths, each volume in the Goddess Girls series addresses contemporary issues like friendships and relationships from a classically accurate—and entertaining—persepective. In Aphrodite the Beauty, Aphrodite, goddessgirl of love, must deal with jealousy after giving Athena a makeover. It doesn't seem fair that the godboys pay more attention to her friend when Aphrodite is supposed to be destined for love! She also copes with a crush from an unlikely source—the nerdy Hephaestus (god of the smith)—and learns that love comes in many forms.

In Athena the Brain, Athena always knew she was smart and special, but she didn't realize that she was a goddess! When she's whisked away to Mount Olympus Academy, she worries about fitting in and dealing with her dad (Zeus). Luckily, she meets the Goddess Girls and finds the best friends she's ever had.

When Zeus asks Athena to look after the new boy Heracles, she uses all of her famed wisdom to sort out her own problems and help him succeed.

For an extra credit project, Aphrodite begins a club for matchmaking mortals, which brings her to Egypt and face-to-face with her competition, the Egyptian goddess Isis.
