Our skilled and qualified instructors, each, an expert in their field, offer more than just reading from a book. We address “ Real World ” problems that technicians face everyday.

The Dept. of State's Antiterrorism Assistance program's objectives are to provide partner nations with counter-terrorism training and equipment, improve bilateral ties, and increase respect for human rights. State's Office of the Coordinator for Counterterrorism provides policy guidance and its Bureau of Diplomatic Security, Office of Antiterrorism Assistance (ATA), manages program operations. This report assesses: (1) State's guidance for determining ATA priorities; (2) how State coordinates ATA with other counter-terrorism programs; (3) the extent State established ATA program goals and measures; and (4) State's reporting on U.S. counter-terrorism assistance. Includes recommendations. Illustrations.

This publication provides an overview of the importing process and contains general information about import requirements. This edition contains much new and revised material brought about because of changes in the law, particularly the Customs Modernization Act. The Customs modernization provisions has fundamentally altered the process by shifting to the importer the legal responsibility for declaring the value, classification, and rate of duty applicable to entered merchandise. Chapters cover entry of goods, informed compliance, invoices, assessment of duty, classification and value, marking, special requirements for alcoholic beverages, motor vehicles and boats, import quotas, fraud, and foreign trade zones. In addition to the material provided by the U. S. Customs Service, the private commercial publisher of this book has provided a bonus chapter on how to build a tax-free import-export business.

The purpose of this manual is to provide a resource for training to increase understanding of Health in All Policies (HiAP) by health and other professionals. It is anticipated that the material in this manual will form the basis of two- or three-day workshops, which will build capacity to promote, implement and evaluate HiAP; encourage engagement and collaboration across sectors; facilitate the exchange of experiences and lessons learned; promote regional and global collaboration on HiAP, and promote dissemination of skills to develop training courses for trainers. The training manual target audience is universities, public health institutes, non-governmental organizations, training institutions in government and intergovernmental organizations. The training is structured to target professionals from middle to senior levels of policy-making and government from all sectors influencing health. These include health, employment, housing, economic development, finance, trade, environment and sustainability, social security, education, agriculture and urban planning. Depending on the content, it would also be advisable to include participants from civil society. The manual includes 12 training modules consisting of interactive lectures and group activities.
