The four orchestral suites, BWV 1066–1069 are four suites by Johann Sebastian Bach. The name overture refers only in part to the opening movement in the style of the French overture, in which a majestic opening section in relatively slow dotted-note rhythm in duple meter is followed by a fast fugal section, then rounded off with a short recapitulation of the opening music. More broadly, the term was used in Baroque Germany for a suite of dance-pieces in French Baroque style preceded by ...

This edition of the Bach Cello Suites is appealing to both the scholar and the performer. The genesis of this edition was the alignment of the relevant manuscripts for easy comparison and study using a line-by-line layout. It has resulted in the ultimate scholarly approach to the study of these manuscripts and has led to many discoveries concerning notes, trills, dots, dynamics, and rhythm. In the scordatura version of "Suite No. 5," pitch names are given above the notes for the re-tuned top string, clarifying confusing elements in the notation. Fingerings and bowings in this edition reflect those used on the DVD set of Starkweather's performance of the suites (item number 730150). Reference to the manuscript edition makes it possible to visually assess the ambiguity of many of the slurs and to reach one's own conclusions.

An award-winning journey through Johann Sebastian Bach ' s six cello suites and the brilliant musician who revealed their lasting genius. One fateful evening, journalist and pop-music critic Eric Siblin attended a recital of Johann Sebastian Bach ' s Cello Suites—an experience that set him on an epic quest to uncover the mysterious history of the entrancing compositions and their miraculous reemergence nearly two hundred years later. In pursuit of his musicological obsession, Siblin would unravel three centuries of intrigue, politics, and passion. Winner of the Mavis Gallant Prize for Non-fiction and the McAuslan First Book Prize, The Cello Suites weaves together three dramatic narratives: the disappearance of Bach ' s manuscript in the eighteenth century, Pablo Casals ' s discovery and popularization of the music in Spain in the late nineteenth century, and Siblin ' s infatuation with the suites in the present day. The search led Siblin to Barcelona, where Casals, just thirteen and in possession of his first cello, roamed the backstreets with his father in search of sheet music and found Bach ' s lost suites tucked in a dark corner of a store. Casals played them every day for twelve years before finally performing them in public. Siblin sheds new light on the mysteries that continue to haunt this music more than 250 years after its composer ' s death: Why did Bach compose the suites for the cello, then considered a lowly instrument? What happened to the original manuscript? A seamless blend of biography and music history, The Cello Suites is a true-life journey of discovery, fueled by the power of these musical masterpieces. " The ironies of artistic genius and public taste are subtly explored in this winding, entertaining tale of a musical masterpiece. " —Publishers Weekly " Siblin ' s writing is most inspired when describing the life of Casals, showing a genuine affection for the cellist, who . . . used his instrument and the suites as weapons of protest and pleas for peace. Although Johann Sebastian Bach did not write any music for the guitar, transcriptions of his unaccompanied string music and music for lute have long been a part of the guitar repertoire. Despite the respect that this music commands among musicians and audiences debate still exists as to what constitutes an appropriate means of transcribing, interpreting and performing this music on the guitar. It is this debate that prompted this long-awaited edition of Bach's unaccompanied cello suites by scholar and concert guitarists Stanley Yates. This definitive work includes performance scores, comparison scores an an invaluable 40-page guide entitled Arranging, Interpreting, and Performing the Music of J.S. Bach. Furthermore, the author offers comments on his arranging process and suggestions on using this edition including: ornamentation, slurs, fingerings, notation, and implementation of the comparison scores. Written in standard notation in guitar-friendly keys.

Compiled by Alwin Schroeder, a former cellist with the Boston Symphony Orchestra and an experienced teacher, this collection of 80 exercises constitutes the first book of a three-volume set. Schroeder drew upon his extensive experience to create original études for instructing students, and in this work he combines them with several others by his distinguished nineteenth-century European colleagues: Karl Schröder. Ferdinand Büchler, Friedrich Dotzauer, Auguste Franchomme, Friedrich Grützmacher, and Sebastian Lee. The carefully selected studies are arranged in order of increasing complexity, and Schroeder provides suggestions for fingering, bowing, and dynamics. Cello students and teachers will find these exercises a splendid resource for the improvement of technique and performance.

(Southern Music). This volume includes six suites originally written by Johann Sebastian Bach (1685-1750) for unaccompanied cello. The suites have been transcribed for French Horn by noted horn specialist Wendell Hoss.

Composed by Johann Sebastian Bach (1.685-1.750) URTEXT Adaptation for viola, edited and transcribed by Roisber NarvaezThroughout history numerous musicians have had discrepancies between arcades, articulations, notation and phrasing for the execution of the six Solo Cello Suites BWV 1007-1012 by Johann Sebastian Bach who wrote around 1720 during his performance as a chapel master in the court of Cöthen. It is quite certain that the Suites were intended to form a second part of a collection or a larger complex of which the first part is composed of the work Sonatas and Partitas for solo violin, BWV 1001-1006, dated in 1720 with the Bach's own hand. The absence of an autograph copy of the composer does not make it possible to have an accurate answer on how the work should be interpreted accurately, caused by the inequality between the four existing manuscripts:1: a copy prepared by his wife Anna Magdalena between 1727 and 1731.2: a copy prepared by Johann Peter Kellner in 1726.3: a copy prepared by two anonymous written in the middle of the 18th century.4: an anonymous copy dating from the end of the 18th century.This has given players the opportunity to contribute musical ideas about the Suites. However, this version presented for Viola, is based on the manuscript of Anna Magdalena Bach 1727-1731.
