A sui generis autobiography, as it is a rich life story, with many achievements and definite purposes. It is the first of 12 books that the author will incorporate into his Collection called Africa. A story that begins with a lot of faith and prayer, attributes that have accompanied the 62 years of life of Celso Salles, completed on May 28, 2021. In his thoughts that making history is better than accumulating fortunes, in the pages from this book you can read a summary of what those 62 laps around the sun have been like. There was still a lot to be contacted, which Celso Salles will naturally be putting in the other issues, so that he can transmit in printed format a large series of important information already available in digital format on most of the main platforms existing in the world.
