Becoming a Teacher, 4CE offers you a comprehensive guide to the Canadian educational landscape with its balanced approach from theory to research to practice, and successful 12-chapter organization. It will give you the knowledge, practical advice, and tools to build a solid and sustainable career in teaching. Becoming a Teacher continues to provide a foundation of all the important areas you may face in today's Canadian system of education. Well-researched and well-written, Becoming a Teacher has been revised to include more streamlined content with a new focus on Canadian research and teacher leadership. MyEducationLab has been fully integrated with book-specific content and a new "Focus on Research Through Experience" section highlights the findings of Canadian educational researchers and describes exciting curricular approaches. Other pedagogical features carried over from the previous edition include "Focus Questions," "Case to Consider," "Theory into Practice," and "Professional Portfolio."

A comprehensive and cross-cultural look at the sociology of education. The text integrates important and diverse topics in the field by showing how they are related. The Sociology of Education: A Systematic Analysis provides a sociological analysis of education using several theoretical approaches. The authors include practical applications and current educational issues to discuss the structure and processes that make education systems work. Learning Goals Upon completing this book, readers should be able to: Learn diverse theoretical approaches in the sociology of education Assess important current or emerging topics, including higher education, informal education ("climate" and the "hidden curriculum"), the school environment, education around the world, and educational movements and alternatives Understand how change takes place and what role sociologists play Become involved with educational systems where they can put to use the knowledge available in textbooks

Dealing with student misbehavior and encouraging student motivation are two of the most important concerns for new teachers. Classroom Management for Elementary Teachers, Ninth Edition, provides new and experienced teachers with the skills, approaches, and strategies necessary to establish effective management systems in the elementary-school classroom. Based on 30 years of research and experience in more than 500 classrooms, the newest edition of this best-selling text presents step-by-step guidelines for planning, implementing, and developing classroom management tasks to build a smoothly running classroom that encourages learning. Students can apply what they learn as they review and complete the examples, checklists, case study vignettes, and group activities presented in each chapter.

Designed for beginning teachers, CLASSROOM TEACHING SKILLS, Tenth Edition, conceptualizes the effective teacher as a reflective decision maker, responsible for planning, implementing, evaluating, and making management decisions in the classroom. Each chapter considers a particular teaching skill, first discussing the theory behind it, and then presenting the reader with practice situations in which knowledge about the skill can be applied and evaluated. The Tenth Edition continues to address the importance of core InTASC standards (matched with learning objectives for each chapter), while incorporating more extensive coverage on technology, Common Core State Standards, and working with English Language Learners. In addition, new Voices from the Classroom and Case Study features help readers better understand the issues they may encounter as teachers. Teachers and the Law uses a unique question and answer format. With the use of engaging and accessible language, the text provides a comprehensive overview of the topics future educators need to know in order to be legally literate and to practice preventative law. The text focuses on legal issues such as sexual harassment, freedom of speech, in-school prayer, rights of homosexual students, child abuse and neglect, affirmative action, home schooling, defamation, and due process---all topics that reflect current trends essential to the success of educators in the 21st century. In addition to these issues, the text analyzes the major laws affecting education today such as the No Child Left Behind Act of 2001 (NCLB), Title IX, the Family Educational Rights and Privacy Act (FERPA), The Individuals with Disabilities Education Act (IDEA), and certain copyright laws that apply to classroom and distance learning.

Provides a collection of teaching models that can be incorporated into a curriculum.

In a conversational style, this market-leading text shows how to apply effective, realistic, research-based teaching practices in today's heterogeneous classrooms. Effective Teaching
