Behavioral and Emotional Disorders in Children during the ...  
Emotional and behavioral disorders (E/BD) make it difficult for a child to regulate emotions and make appropriate behavior choices in a wide variety of situations. An emotional and behavioral disorder negatively impacts a child's ability to be successful in school, control feelings and actions, and generally be happy in life.

What Are Emotional and Behavioral Disorders? | HealthyPlace  
Behavioral and emotional disorders fall under the rubric of "Emotional Disturbance," "Emotional Support," "Severely Emotionally Challenged," or other state designations. "Emotional Disturbance" is the descriptive designation for behavioral and emotional disorders in the Federal Law, the Individuals with Disabilities Education Act (IDEA).

Mental health - Wikipedia

Emotional and behavioral disorders refer to a disability classification used in educational settings that allows educational institutions to provide special education and related services to students who have displayed poor social and/or academic progress. The classification is often given to students after conducting a Functional Behavior Analysis. These students need individualized behavior supports such as a Behavior Intervention Plan, to receive a free and appropriate public education. Stude

Emotional and behavioral disorders -  
Wikipedia

Serious mental illness (SMI) is defined as a mental, behavioral, or emotional disorder resulting in serious functional impairment, which substantially interferes with or limits one or more major life activities. The burden of mental illnesses is particularly

concentrated among those who experience disability due to SMI.

NIMH » Mental Illness - National Institute of Mental Health

Tanya J. Peterson. Emotional and behavioral disorders are so disruptive that parents and others frequently want to know what causes them. When a child or adolescent consistently has intense emotional or physical outbursts, their relationships and learning suffer. Adults and other children and teens are also negatively affected by the eruptions of feelings and problem behaviors.
