National Book Award Finalist! Instant New York Times Bestseller! The Absolutely True Diary of a Part-Time Indian meets Jane the Virgin in this poignant but often laugh-out-loud funny contemporary YA about losing a sister and finding yourself amid the pressures, expectations, and stereotypes of growing up in a Mexican American home. Perfect Mexican daughters do not go away to college. And they do not move out of their parents' house after high school graduation. Perfect Mexican daughters never abandon their family. But Julia is not your perfect Mexican daughter. That was Olga's role. Then a tragic accident on the busiest street in Chicago leaves Olga dead and Julia left behind to reassemble the shattered pieces of her family. And no one seems to acknowledge that Julia is broken, too. Instead, her mother seems to channel her grief into pointing out every possible way Julia has failed. But it's not long before Julia discovers that Olga might not have been as perfect as everyone thought. With the help of her best friend, Lorena, and her first love (first everything), Connor, Julia is determined to find out. Was Olga really what she seemed? Or was there more to her sister's story? And either way, how can Julia even attempt to live up to a seemingly impossible ideal?

Written for those working to heal developmental trauma and seeking new tools for self-awareness and growth, this book focuses on conflicts surrounding the capacity for connection. Explaining that an impaired capacity for connection to self and to others and the ensuing diminished aliveness are the hidden dimensions that underlie most psychological and many physiological problems, clinicians Laurence Heller and Aline LaPierre introduce the NeuroAffective Relational Model® (NARM), a unified approach to developmental, attachment, and shock trauma that, while not ignoring a person's past, emphasizes working in the present moment. NARM is a somatically based psychotherapy that helps bring into awareness the parts of self that are disorganized and dysfunctional without making the regressed, dysfunctional elements the primary theme of the therapy. It emphasizes a person's strengths, capacities, resources, and resiliency and is a powerful tool for working with both nervous system regulation and distortions of identity such as low self-esteem, shame, and chronic self-judgment.

"Abuse OF Men BY Women: It Happens, It Hurts and It's Tome to Get Real About It" is a ground breaking book shattering the silence surrounding partner abuse where the target of abuse is a man and the source of the abuse is a woman. It challenges the common perception that partner abuse is the exclusive domain of men. The book offers gripping personal stories

and detailed yet concise descriptions of verbal, psychological, financial, spiritual, legal, physical, and sexual abuse of men by their female partners. The Book answers the questions: What does it look like? Why do they do it? How are we supporting and encouraging it? How do men get pulled into these dysfunctional relationships? Why do they stay? and What can be done about it?

"A candid look at the cultural factors that lend themselves to tolerance of abuse and violence against women."—Booklist Revised and updated to include current studies, politics, and discussions, *The Macho Paradox* is the first book to show how violence against women is a male issue as well as a female one — and how we can come together to stop it. Written by pioneering anti-violence educator Jackson Katz, *The Macho Paradox* incorporates the voices and experiences of women and men who have confronted the problem from all angles, the discussions surrounding current events in politics and pop-culture, and where the violence is ignored or encouraged in our upbringing. Katz also offers cogent explanations for why so many men harass and hurt women, and he shows what can be done to stop the violence. By working together as allies, Katz shows how all genders can end the abuse and mistreatment of women. Additional Praise for *The Macho Paradox*: "If only men would read Katz's book, it could serve as a potent form of male consciousness-raising."—Publishers Weekly "These pages will empower both men and women to end the scourge of male violence and abuse. Katz knows how to cut to the core of the issues, demonstrating undeniably that stopping the degradation of women should be every man's priority."—Lundy Bancroft, author of *Why Does He Do That?: Inside the Minds of Angry and Controlling Men*

From two-time Carnegie Medal winner Patrick Ness comes an enthralling and provocative new novel chronicling the life — or perhaps afterlife — of a teen trapped in a crumbling, abandoned world. A boy named Seth drowns, desperate and alone in his final moments, losing his life as the pounding sea claims him. But then he wakes. He is naked, thirsty, starving. But alive. How is that possible? He remembers dying, his bones breaking, his skull dashed upon the rocks. So how is he here? And where is this place? It looks like the suburban English town where he lived as a child, before an unthinkable tragedy happened and his family moved to America. But the neighborhood around his old house is overgrown, covered in dust, and completely abandoned. What's going on? And why is it that whenever he closes his eyes, he falls prey to vivid, agonizing memories that seem more real than the world around him? Seth begins a search for answers, hoping that he might not be alone, that this might not be the hell he fears it to be, that there might be more than just this. . . .

In this taut, chilling novel, Lester Ballard--a violent, dispossessed man falsely accused of rape--haunts the hill country of East Tennessee when he is released from jail. While telling his story, Cormac McCarthy depicts the most sordid aspects of life with dignity, humor, and characteristic lyrical brilliance.

Have you ever felt that you can never do anything right? When things go wrong, is it always your fault? Do you ever find yourself being met with a wall of silence and you have no idea why? If so, you need answers. You could be the target of a toxic person or a narcissist. Unless one has been subjected to abuse from these individuals, it is difficult to understand or comprehend the trauma and damage these people cause. There are no bruises or visible scars, but the pain goes much deeper than the eye can see or most hearts can fathom. Narcissistic and emotional abuse is extremely destructive and long lasting, and sadly, may leave scars that last a lifetime. Many targets of abuse will blame themselves believing that they are at fault. Learning about narcissism and emotional abuse will show you that you are not

Data is fundamental to the modern world. From economic development, to healthcare, to education and public policy, we rely on numbers to allocate resources and make crucial decisions. But because so much data fails to take into account gender, because it treats men as the default and women as atypical, bias and discrimination are baked into our systems. And women pay tremendous costs for this bias, in time, money, and often with their lives. Celebrated feminist advocate Caroline Criado Perez investigates shocking root cause of gender inequality and research in *Invisible Women*[†], diving into women's lives at home, the workplace, the public square, the doctor's office, and more. Built on hundreds of studies in the US, the UK, and around the world, and written with energy, wit, and sparkling intelligence, this is a groundbreaking, unforgettable exposé that will change the way you look at the world.
