HOW TO RESET BMW SERVICE ENGINE SOON LIGHT | reset service ...

Most 2005 and newer BMWs will also show a separate symbol to remind you if you forget to tighten the fuel cap. If the gas cap was loose and you tighten it. The CEL light will reset itself in a few driving cycles, typically within a day or two. If the BMW drives fine, closely monitor the engine temperature.

Troubleshooting BMW Check Engine Light & Service Engine Soon

Follow steps 1 through 3 from the instructions above. Release the odometer button after the service message comes on. Press the button (without holding it down) until the menu comes to the warning light that you want to reset, whether that be the brake fluid light, oil service light, or any other warning light.

How to Reset the BMW Service Light | Service Indicator ...

When your BMW 325i "Service Engine Soon" light appears, it's time for routine service such as an oil change. The car's computer system integrates the amount of miles that have been driven with other variables to indicate when your car should be serviced. It's important that this light be reset, so it will illuminate properly the next time you need engine service.

How to Reset the Service Light on My BMW 325i | It Still Runs

The "Service Engine Soon" light in your BMW is similar to a "Check Engine" light in other cars. Your car has a computer which runs diagnostic tests while your car is running. If something comes back faulty or negative, the light comes on.

The Meaning of the "Please Service Engine Soon" Light on a BMW

How to reset the service engine soon light using the Ignition switch and accelerator pedal combination. 1. Turn the Ignition to the ON position. Take the driver's seat and turn the ignition switch to the ON position but make sure you do not start the car and wait for 3-5 seconds. 2.
