The Bonfire of the Vanities (1990) - IMDb

A bonfire of the vanities (Italian: falò delle vanità) is a burning of objects condemned by authorities as occasions of sin. The phrase usually refers to the bonfire of 7 February 1497, when supporters of Dominican friar Girolamo Savonarola collected and burned thousands of objects such as cosmetics, art, and books in Florence, Italy on the Shrove Tuesday festival.

The Bonfire of the Vanities was the result of a moral panic provoked by an extremist monk who was horrified by the nudity and pagan/secular images that were appearing in art as well as the perceived extravagance of the Medici, the family who ruled Florence and who was leading this artistic Renaissance and who Savonarola blamed for the economic and social problems that were beginning to plague the city.

The Bonfire of the Vanities, Wolfe's novel about McCoy, was savage and sarcastic, especially in the way it dissected the motives of every single character. Brian De Palma's new movie is lacking in just that quality; it is not subtle or perceptive about the delicate nuances of motive that inspire these people.

him, licking their chops and giving us a gargantuan helping of the human comedy, of New York in the 1980s, a city boiling over with racial and ethnic hostilities and burning with the itch to Grab It Now. Wolfe's novel is a big, panoramic story of the metropolis that reinforces the author's reputation as the foremost chronicler of the way we live in America.

One of the most celebrated bestsellers of the decade, here is Wolfe's wise and wickedly brilliant novel of lust, greed, Wall Street and the American way of life in the '80s.

"So much better, so much more fun, than the movie it is about that one must be thankful to the filmmakers for producing such a spectacle, if only so that this book could be written."--Vogue When film director Brian De Palma invited author Julie Salamon to follow him on the set of *The Bonfire of the Vanities*, he had no idea that the fifty-million-dollar movie would become one of Hollywood's biggest flops. *The Devil's Candy* is the juicy, bestselling exposé that sent Hollywood honchos running for cover. Who was responsible for the last-minute casting change that cost four million dollars? Who knew that Melanie Griffith would show up halfway through the filming with a new set of breasts? Settle down in your front-row seat for a story that has more drama, hilarity, greed, folly, and ego than the movie that eventually ended up on the screen. Expertly reported and elegantly written, *The Devil's Candy* is irresistible fun, a classic insider's look at the movie business.

Big men. Big money. Big games. Big libidos. Big trouble. A decade ago, *The Bonfire of the Vanities* defined an era--and established Tom Wolfe as our prime fictional chronicler of America at its most outrageous and alive. This time the setting is Atlanta, Georgia--a racially mixed late-century boomtown full of fresh wealth, avid speculators, and worldly-wise politicians. The protagonist is Charles Croker, once a college football star, now a late-middle-aged Atlanta real-estate entrepreneur turned conglomerate king, whose expansionist ambitions and outsize ego have at last hit up against reality. Charlie has a 28,000-acre quail-shooting plantation, a young and demanding second wife--and a half-empty office tower with a staggering load of debt. When star running back Fareek Fanon--the pride of one of Atlanta's grimmest slums--is accused of raping an Atlanta blueblood's daughter, the city's delicate racial balance is shattered overnight. Networks of illegal Asian immigrants crisscrossing the continent, daily life behind bars, shady real-estate syndicates, cast-off first wives of the corporate elite, the racially charged politics of college sports--Wolfe shows us the disparate worlds of contemporary America with all the verve, wit, and insight that have made him our most phenomenal, most admired contemporary novelist. *A Man in Full* is a 1998 National Book Award Finalist for Fiction.

From "America's nerviest journalist" (*Newsweek*)--a breath-taking epic, a magnificent adventure story, and an investigation into the true heroism and courage of the first Americans to conquer space. "Tom Wolfe at his very best" (*The New York Times Book Review*) Millions of words have poured forth about man's trip to the moon, but until now few people have had a sense of the most engrossing side of the adventure; namely, what went on in the minds of the astronauts themselves - in space, on the moon, and even during certain odysseys on earth. It is this, the inner life of the astronauts, that Tom Wolfe describes with his almost uncanny empathetic powers, that made *The Right Stuff* a classic.

A big, panoramic story of the new America, as told by our master chronicler of the way we live now. As a police launch speeds across Miami's Biscayne Bay-with officer Nestor Camacho on board-Tom Wolfe is off and running. Into the feverous landscape of the city, he introduces the Cuban mayor, the black police chief, a wanna-go-muckraking young journalist and his Yale-marinated editor; an Anglo sex-addiction psychiatrist and his Latina nurse by day, loin lock by night-until lately, the love of Nestor's life; a refined, and oh-so-light-skinned young woman from Haiti and her Creole-spouting, black-gang-banger-stylin' little brother; a billionaire porn addict, crack dealers in the 'hoods, "de-skilled" conceptual artists at the Miami Art Basel Fair, "spectators" at the annual Biscayne Bay regatta looking only for that night's orgy, yenta-heavy ex-New Yorkers at an "Active Adult" condo, and a nest of shady Russians. Based on the same sort of detailed, on-scene, high-energy reporting that powered Tom Wolfe's previous bestselling novels, BACK TO BLOOD is another brilliant, spot-on, scrupulous, and often hilarious reckoning with our times.

In 2007, Nathan Rabin set out to provide a revisionist look at the history of cinematic failure on a weekly basis.
