This collection of short stories and prose chronicles events observed by the author during her lifetime in Northern New Mexico. Family, relatives, friends and strangers (real or imaginary) are caught off guard in everyday occurrences that evoke laughter, tears, or memories of the past. The names have, of course, been changed, and much embellishment has been added to stories which may or may not be true. Stories of innocence, family dynamics, relationships and injustice combine to bring a tongue in cheek narrative to the reader. The author adds: "My inner barrio is full of observations, whether from the neighborhood where I grew up in Santa Fe or from watching ordinary people interact with each other. I try to see the humor in whatever life throws at us and hope some of these stories will bring a chuckle or a hearty laugh to anyone willing to let their guard down as they read on." Born in Santa Fe, MARIE ROMERO CASH is an award-winning folk artist/santera who has been exhibiting her colorful works for over thirty years. She is also a writer, having authored several books on Northern New Mexican culture, shrines, saints and churches including: BUILT OF EARTH AND SONG: A GUIDEBOOK TO NORTHERN NEW MEXICO'S VILLAGE CHURCHES; LIVING SHRINES: DEVOTIONAL SPACES IN NORTHERN NEW MEXICO HOMES; SANTOS, A COLORING BOOK OF NEW MEXICO SAINTS (also from Sunstone Press); and her memoir about growing up in Santa Fe, TORTILLA CHRONICLES.

Designed to help readers find their spirit guide, this book addresses how to recognize who he/she is, the messages he/she can provide, and how to discern their names in order to get better "reception."

In addition to classifying the current understanding of the offshoring phenomenon, Simon Plankenhorn examines potential offshoring opportunities for innovation projects - from a conceptual and an empirical perspective. Leading European sponsors in five industries were questioned and confirmed the majority of hypotheses, while two case studies in the Indian clinical trial industry revealed surprising insights into growth oriented offshoring.

You don't have to look far these days to find someone who says they can make you rich. Work from home, Pyramid Schemes, Chain Letters, Catalogue Delivery. Paying a joining fee and never making any money out of it at all. Frustrating isn't it?

Here is a tasty paradox: How did the Leftist legions regroup after history delivered its fatal blow to the Soviet system? Simple, argues Jean-Francois Revel: the Left retreated to the impregnable fortress of the Utopian ideal. After all, socialism incarnate was always vulnerable to criticism. Utopia, on the other hand, lies by definition beyond reproach. With the demise of the Soviet system, there is no longer a vast and flailing embodiment of their vision, and Utopia's haughty champions can again rage boundlessly. In Last Exit to Utopia, the latest English language translation of one of Europe's most controversial intellectuals, Jean-Francois Revel takes aim at socialist apologists who have attempted to erase or invert the manifest failures of socialist ideology. As the tide of Big Government rises in America, Revel's forewarnings here are as prescient as they are frightening.
