The Cambridge IGCSE® Combined and Co-ordinated Sciences series is tailored to the 0653 and 0654 syllabuses for first examination in 2019, and all components of the series are endorsed by Cambridge International Examinations. Cambridge IGCSE® Combined and Co-ordinated Sciences Coursebook is tailored to the 0653 and 0654 syllabuses for first examination in 2019 and is endorsed for full syllabus coverage by Cambridge International Examinations. This interdisciplinary coursebook comprehensively covers the knowledge and skills required in these courses, with the different syllabuses clearly identified. Engaging activities in every chapter help students develop practical and investigative skills while end-of-chapter questions help to track their progress. The accompanying CD-ROM contains self-assessment checklists for making drawings, constructing and completing results tables, drawing graphs and designing experiments; answers to all the end-of-chapter questions and auto-marked multiple-choice self tests.

Exam Board: Cambridge Assessment International Education Level: IGCSE Subject: Science First Teaching: September 2015 First Exam: June 2017 Make best use of your department's specialist skills with this all-in-one textbook, designed and organized by an experienced Combined and Co-ordinated Science syllabus teacher. Providing full coverage for the Cambridge IGCSE Combined and Co-ordinated Science (0653 and 0654) syllabuses, this single textbook approach makes classroom teaching easier by covering the syllabus content for the three Sciences together in one place. It facilitates a coordinated teaching approach across separate classes, with content organized in line with the syllabus for subject specialists, and provides easy and cost-effective transitioning for students moving from a combined course to a coordinated one where they show clear improvement during their course. - Make classroom teaching easier with a single textbook covering the syllabus content for the three Sciences - Use one textbook across separate classes, with content organized in line with the syllabus for subject specialists - Easy and cost-effective transitioning for students moving between the two levels, with all content covered in one place

The Cambridge IGCSE® Combined and Co-ordinated Sciences series is tailored to the 0653 and 0654 syllabuses for first examination in 2019, and all components of the series are endorsed by Cambridge International Examinations. This Biology Workbook is tailored to the Cambridge IGCSE® Combined Science 0653 and Co-ordinated Sciences 0654 syllabuses for first examination in 2019 and is endorsed for learner support by Cambridge International Examinations. Covering both the Core and the Supplement material, this workbook contains exercises arranged in the same order as the coursebook and are clearly marked according to the syllabus they cover. Developing students' scientific skills, these exercises are complemented by self-assessment checklists to help them evaluate their work as they go. Answers are provided at the back of the book.

The Cambridge IGCSE® Combined and Co-ordinated Sciences series is tailored to the 0653 and 0654 syllabuses for first examination in 2019, and all components of the series are endorsed by Cambridge International Examinations. This Chemistry Workbook is tailored to the Cambridge IGCSE® Combined Science 0653 and Co-ordinated Sciences 0654 syllabuses for first examination in 2019 and is endorsed for learner support by Cambridge International Examinations. Covering both the Core and the Supplement material, this workbook contains exercises arranged in the same order as the coursebook and are clearly marked according to the syllabus they cover. Developing students' scientific skills, these exercises are complemented by self-assessment checklists to help them evaluate their work as they go. Answers are provided at the back of the book.

Make best use of your department's specialist skills with this all-in-one textbook from Hodder Education, designed and organized by an experienced Combined and Coordinated Science syllabus teacher.

The Cambridge IGCSE® Combined and Co-ordinated Sciences series is tailored to the 0653 and 0654 syllabuses for first examination in 2019, and all components of the series are endorsed by Cambridge International Examinations. This Physics Workbook is tailored to the Cambridge IGCSE® Combined Science 0653 and Co-ordinated Sciences 0654 syllabuses for first examination in 2019 and is endorsed for learner support by Cambridge International Examinations. Covering both the Core and the Supplement material, this workbook contains exercises arranged in the same order as the coursebook. These are clearly marked according to the syllabus they cover and aim to develop students' scientific skills. Answers are provided at the back of the book.

This book is a three-volume designed for Y10 and Y11 students. The books are designed to meet the needs of the National Curriculum for key stage 4 GCSE science courses. Topics are organised into self-contained double-page spreads for easy assimilation. The language level is carefully controlled so that the books can be used by students with a wide range of ability. Applications are described to make topic relevant to real life.

Provides information in manageable chunks, which is reinforced by questions and activities that encourage students to consider the practical application of science to everyday life. This work is useful for Higher Tier GCSE students.
