The Exilim Card series are ultra-compact models. The cameras were first branded as "Wearable Card Cameras" and are about the size of a credit card and 9 mm-16 mm thick. The early models only had digital zoom, though more recent models have optical zoom as well. The Exilim Zoom series is the all-purpose line, all including an optical zoom. Several newer models support H.264 video compression which uses much less storage than Motion JPEG format.

A visual, strategic, inspirational, and user-friendly checklist to help firms & entrepreneurs (business-to-business, business-to-consumer, & non-profits) innovate for strategic growth more methodically, completely, and creatively. Includes a framework, several exercises, and over 1100 categorized innovation examples from a wide range of industries and countries. The cutting-edge examples will inspire new product and service developers, and marketing executives seeking to make their marketing tactics more innovative and effective. The last chapter is a guide for executives, start-ups, and professors to teach innovation to employees and graduate students in a variety of fields.

This reference book is a complete guide to the trends and leading companies in the engineering, research, design, innovation and development business fields: those firms that are dominant in engineering-based design and development, as well leaders in technology-based research and development. We have included companies that are making significant investments in research and development via as many disciplines as possible, whether that research is being funded by internal investment, by fees received from clients or by fees collected from government agencies. In this carefully-researched volume, you'll get all of the data you need on the American Engineering & Research Industry, including:
