Performance information in this booklet is  
intended for estimating purposes only.

Because of the many variables peculiar to  
individual jobs (including material  
characteristics, operator efficiency,  
underfoot conditions, altitude, etc.),  
neither Caterpillar nor Wheeler Machinery  
Co. warrant that the machines described  
will perform as estimated.

Caterpillar Performance Handbook | Series  
| LibraryThing

Handbook is intended as an aid which, when coupled with experience and a good knowledge of local conditions, can assist in estimating true machine performance. Many sections of the Handbook include tables or curves showing cycle times or hourly production figures for Caterpillar machines under certain conditions.
