It divides the material into twelve chapters (five parts) and thoroughly covers the information. At the end of each chapter, you have a "Two-Minute Drill" and a test (followed by the answers to such). The minimum number of these end-of-the-chapter questions is ten, with one chapter holding 11 and another 18. There are practice exams on the accompanying download (making the total set 250), and two appendices on hardware-related subject matter. This makes for one powerful book and the ideal prescription for passing a popular CCNA exam." CertCities, July 1, 2010
