This reader offers two readings per chapter organised in a debate-style format, representing opposing viewpoints. The straightforward, thought-provoking presentation facilitates classroom discussion. Highlights of this fourth edition include: - New! Chapter 4, Civil Society, contains essays by Robert Putnam, Bowling Alone: The Collapse of American Community, and William A. Galston and Peter Levine, America's Civic Condition: A Glance at the Evidence. - New! Chapter 8, Public Opinion: The American People After September 11, includes two new essays: Age of Conflict, by David Brooks and Which America Will We Be Now? by Bill Moyers. - New! Chapter 10, Political Parties and Elections: What Was the 2000 Presidential Contest About? includes articles by David Brooks, One Nation, Slightly Divisible, and Lani Gunier, What We Must Overcome. - New! Chapter 12, Local Democracy, contains essays for and against suburban sprawl and governance by Gregg Easterbrook and Todd Swanstrom. - New! Chapter 14, The Presidency: How Much Difference Does the Individual Make? features new essays by Fred Greenstein, Lessons from the Modern Presidency, and Stephen Skowronek, The Changing Political Structures of Presidential Leadership. - New! Chapter 18, U.S. Foreign Policy: What Should It Be After September 11?, includes articles by Charles Krauthammer, The Real New World Order, and Benjamin R. Barber, On Terrorism and the New Democratic Realism.

During the Civil War, Walt Whitman described his admiration for the Union soldiers' loyalty to the ideal of democracy. His argument, that this faith bonded Americans to their nation, has received little critical attention, yet today it raises increasingly relevant questions about American patriotism in the face of growing nationalist sentiment worldwide. Here a group of scholars explores the manner in which Americans have discussed and practiced their patriotism over the past two hundred years. Their essays investigate, for example, the extent to which the promise of democracy has explained citizen loyalty, what other factors--such as devotion to home and family--have influenced patriotism, and how patriotism has often served as a tool to maintain the power of a dominant group and to obscure internal social ills. This volume examines the use of patriotic language and symbols in building unity in the early republic, rebuilding the nation after the Civil War, and sustaining loyalty in an increasingly diverse society. Continuing through the World Wars to the Clinton presidency, the essay topics range from multiculturalism to reactions toward masculine power. In addition to the editor, the contributors include Cynthia M. Koch, Cecilia Elizabeth O'Leary, Andrew Neather, Stuart McConnell, Gaines M. Foster, Kimberly Jensen, David Glassberg and J. Michael Moore, Lawrence R. Samuel, Robert B. Westbrook, Wendy Kozol, George Lipsitz, Barbara Truesdell, Robin Wagner-Pacifici, and William B. Cohen.

Chapter 17- What was Ronald Reagan's Economic Policy Known As? Chapter 18- Who is William Jefferson Clinton Married To? Chapter 19- What is Barack Obama Best Known For? Chapter 20- What did Donald Trump do Before He was Elected President?

President Barack Obama's election and subsequent reelection represent a critical paradigm shift in American political history. But will there be lasting effects of the election of an African American to the highest office in the land in terms of the United States' economic, educational, political and social realities? A valuable resource for undergraduate and graduate students, researchers, state and federal policymakers, and general readers, this book poses critical questions and offers insightful answers from expert contributors, provides a balanced critique of President Obama's accomplishments and challenges, and considers the national and international impact President Obama's tenure had on politics. The numerous contributors to this book provide a range of perspectives on President Obama's presidency that question conventional thinking, covering key issues that include health care, education, political mobilization, gender, racial stratification, voting patterns, and criminal justice. Readers will come away with a heightened comprehension of the complex relationships between political structures, economic policies, and minority interests; how Congress, traditional and contemporary activists, and domestic and international issues all shaped the Obama Presidency; and how micro and macro issues such as voting rights, voting patterns, and Get Out the Vote (GOTV) initiatives are connected.

Will President Trump destroy civilization or win the Nobel Peace Prize? Humankind's survival feels like a jump ball that could go either way. We are perched on a precipice, and the reason we are looking into an abyss of nuclear annihilation is that the American president has unencumbered, unilateral control over the nuclear codes. One thing we know for sure is that the mind of Donald Trump is currently in control of our fate. Never before have the nuclear codes been in the hands of a man who many observers view as unstable and erratic. The twenty-four experts who contributed to this book analyze President Trump's behavior hoping to provide insights into what may be the most urgent question of our time. What will Trump do with his "big button?" Table of Contents: Chapter 1: The Erratic President -Harry Segal, PhD, Cornell University Chapter 2: Nuclear Risk is Rising as Donald Trump Goes Downhill -John Gartner, PhD, Founder, Duty To Warn Chapter 3: If President Trump Were Airman Trump, I Would Not Certify Him Psychologically Fit to Handle Nuclear Weapons -Steven Buser, MD, Psychiatrist, Former Major, USAF Chapter 4: If Trump Were a Policeman I Would Have to Take Away His Gun -David Reiss, MD Chapter 5: If Trump Was Entering the Military, He Would Not Receive a Security Clearance -William Enyart, Former U.S. Congressman & Retired General Chapter 6: A Man with No Humanity Has the Power to Destroy Mankind -Lance Dodes, MD Chapter 7: Trump's Sick Psyche and Nuclear Weapons: A Deadly Mixture -Gordon Humphrey, former Republican Senator Chapter 8: Facing the Truth: The Power of a Predatory Narcissist -Jacqueline West, PhD Chapter 9: Trump's No Madman, He's Following the Strongman Playbook -Ruth Ben-Ghiat, Dept. of History, NYU Chapter 10: The Gospel of War Presidency -Richard Painter, Former Chief White House Ethics Lawyer -& Leanne Watt, PhD Chapter 11: The Greatest Danger to America is Her Commander in Chief -Joe Cirincione, President, Ploughshares Fund Chapter 12: Bluffing Us Into the Nuclear Abyss? -James Blight and Janet Lang, Dept. of History, Univ. of Waterloo Chapter 13: One Week in August: How a Self-Made Nuclear Crisis Exposed Donald Trump's Psychopathology -Seth Norrholm PhD Chapter 14: The Bully-in-Chief -Philip Zimbardo, PhD & Rosemary Sword Chapter 15: American Carnage: The Wars of Donald Trump -Melvin Goodman, Johns Hopkins Chapter 16: Taking Trump's Finger off the Nuclear Button -Tom Z. Doyle, PhD Former Nuclear Nonproliferation Analyst, Los Alamos National Laboratory Chapter 23: Extinction Anxiety and Donald Trump -Thomas Singer, MD Afterword: Visions of Apocalypse and Salvation -Leonard Cruz, MD

In a new foreword to this edition, he discusses developments in the study of the Eisenhower presidency in the dozen years since publication of the first edition and examines the continuing significance of Eisenhower's legacy for the larger understanding of presidential leadership in modern America.

PUBLISHING JANURARY 3, 2020! With a focus on presidential leadership, the authors address the capacity of chief executives to fulfill their tasks, exercise their powers, and utilize their organizational structures to affect the output of government. The authors examine all aspects of the presidency in rich detail, including the president's powers, presidential history, and the institution of the presidency. Guiding their analysis is their unique contrast between two broad perspectives on the presidency—the constrained president (“facilitator”) and the dominant president (“director”)—making the text a perennial favorite for courses on the presidency. The authors richly illustrate their engaging analysis with timely, fascinating examples. They fully integrate the Trump presidency into every chapter, offering wide-ranging coverage. Moreover, they devote separate chapters to essential aspects of President Trump's approach to governing such as on media relations, leading the public, and decision making. Equally important, they incorporate the most recent scholarship and their own unique approach to show how the Trump presidency illuminates our basic understanding of the presidency, making Presidential Leadership the perfect vehicle for understanding the president and his impact on the office.
