I want to tell the story of the moments - the ups and downs, the triumphs and traumas, the debacles and the dreams, that contributed to the person I am today. Though there have been countless stories about me throughout my career and very public personal life, it's been impossible to communicate the complexities and depths of my experience in any single

magazine article or a ten-minute television interview. And even then, my words were filtered through someone else's lens, largely satisfying someone else's assignment to define me. This book is composed of my memories, my mishaps, my struggles, my survival and my songs. Unfiltered. I went deep into my childhood and gave the scared little girl inside of me a big voice. I let the abandoned and ambitious adolescent have her say, and the betrayed and triumphant woman I became tell her side. Writing this memoir was incredibly hard, humbling and healing. My sincere hope is that you are moved to a new understanding, not only about me, but also about the resilience of the human spirit. Love, Mariah

Then Orla meets Floss—a striving, wannabe A-lister—who comes up with a plan for launching them both into the high-profile lives they dream about. So what if Orla and Floss's methods are a little shady—and sometimes people get hurt? Their legions of followers can't be wrong. Thirty-five years later, in a closed California village where government-appointed celebrities live every moment of the day on camera, a woman named Marlow discovers a shattering secret about her past. Despite her massive popularity—twelve million loyal followers—Marlow dreams of fleeing the corporate sponsors who would do anything to keep her on-screen. When she learns that her whole family history is based on a lie, Marlow finally summons the courage to run in search of the truth, no matter the risks. Followers traces the paths of Orla, Floss and Marlow as they wind through time toward each other, and toward a cataclysmic event that sends America into lasting upheaval. At turns wry and tender, bleak and hopeful, this darkly funny story reminds us that even if we obsess over famous people we'll never meet, what we really crave is genuine human connection.

'Everything you know is wrong' - this was the message to the world that Paula Yates posted above her doorbell. Once upon a time, a rock god met a brainy bombshell TV presenter who was married to a media 'saint'. When their lives collided, the events that unfolded were too bizarre even for fiction; the very public seduction and intense love affair, the fights, the drugs bust, heartbreaking custody battles, financial deals and the deaths of Paula and Michael were front-page news for months. But the vital facts of the web the lovers wove together were kept secret, and the reasons for their deaths were never clear, even to their family and friends. Only one person was there to witness every aspect of the story - Gerry Agar. A former publicist and Paula's long-term friend, Gerry's life, both personal and professional, became inextricably tied to those of the star-crossed lovers, and to the one who would be left behind. This is the stuff of modern legend; a red-blooded tragedy played out in the merciless glare of the media spotlight. Here are the facts, divulged in painful and deeply moving detail, and told with an intimacy that could only be disclosed by one caught in the centre of the storm. This is Gerry Agar's story of Paula, Michael & Bob.

Aimed at the general reader and covering a broad range of topics, from Britishness and fairness, through the economy and public services, to child poverty and environmental issues, this book is essential reading for anyone who wants to discover what motivates Gordon Brown, and what his vision is for a modern, forward-looking Britain. Though varying in tone and style, the Chancellor's speeches stand as an integrated whole - as those of very few politicians do - because they reflect long thought and a coherent view of Britain, of our responsibilities to one another as citizens, and of Britain's role in the world. Prefaced by short introductions by leading figures including Kofi Annan, Helen Clark, Linda Colley, Ralph Dahrendorf, Al Gore, Alan Greenspan, Nelson Mandela, Wangaari Maathai, Trevor Phillips, J. K. Rowling, Jonathan Sacks, Derek Wanless and Sir Magdi Yacoub, they reflect a formidable and widely read intellect, trained in the analytic skills of the historian but also - and far more importantly - inspired by a vision of what the political process can achieve for our society and our nation. All royalties are being donated to the Jennifer Brown Research Laboratory within the University of Edinburgh's Research Institute for Medical Cell Biology.

Raoul Walsh (1887–1980) was known as one of Hollywood's most adventurous, iconoclastic, and creative directors. He carved out an illustrious career and made films that transformed the Hollywood studio yarn into a thrilling art form. Walsh belonged to that early generation of directors—along with John Ford and Howard Hawks—who worked in the fledgling film industry of the early twentieth century, learning to make movies with shoestring budgets. Walsh's generation invented a Hollywood that made movies seem bigger than life itself. In the first ever full-length biography of Raoul Walsh, author Marilyn Ann Moss recounts Walsh's life and achievements in a career that spanned more than half a century and produced upwards of two hundred films, many of them cinema classics. Walsh originally entered the movie business as an actor, playing the role of John Wilkes Booth in D. W. Griffith's *The Birth of a Nation* (1915). In the same year, under Griffith's tutelage, Walsh began to direct on his own. Soon he left Griffith's company for Fox Pictures, where he stayed for more than twenty years. It was later, at Warner Bros., that he began his golden period of filmmaking. Walsh was known for his romantic flair and playful persona. Involved in a freak auto accident in 1928, Walsh lost his right eye and began wearing an eye patch, which earned him the suitably dashing moniker "the one-eyed bandit." During his long and illustrious career, he directed such heavyweights as Humphrey Bogart, James Cagney, Errol Flynn, and Marlene Dietrich, and in 1930 he discovered future star John Wayne.
