skills and personal financial planning. A whole range of personal finance topics are discussed in detail, including savings and investments, borrowing, personal taxation, pensions, insurance and debt. Students are not expected to master intricate calculations, but are given a solid framework within which to understand the issues.

Managing Your Money also provides: - A wide range of scenarios, case studies and examples providing a practical, real-world context; - Features such as learning objectives, activities, self-review questions, further reading, and key points; and - An emphasis on both life skills and academic skills. This easy-to-read book provides simple and practical information for making sound financial decisions. It is specifically intended to guide students through a module in personal finance, but contains valuable advice that would be useful in later life. A companion website for this book is available, which contains the following: For students - A selection of end-of-chapter multiple choice questions - Additional end-of-chapter self-review questions - Links to useful websites. For lecturers: - PowerPoint presentation slides for each chapter - Summary answers to all end-of-chapter self-reviews, case study discussions, and additional end-of-chapter self-review question.

The practical, no-nonsense book Lays out the tools to get organized, including how to create a filing and bill paying system Details how to find the best uses for one's money, as well as how to properly invest for savings, college, and retirement Other titles by Benz: Morningstar® Guide to Mutual Funds: Five Star Strategies for Success These are uncertain times. Morningstar's 30-Minute Money Solutions provides expert guidance on all aspects of personal money management, and it does so in quick, easily digestible steps.

A New York Times Bestseller The leading thinker and most visible public advocate of modern monetary theory -- the freshest and most important idea about economics in decades -- delivers a radically different, bold, new understanding for how to build a just and prosperous society. Stephanie Kelton's brilliant exploration of modern monetary theory (MMT) dramatically changes our understanding of how we can best deal with crucial issues ranging from poverty and inequality to creating jobs, expanding health

care coverage, climate change, and building resilient infrastructure. Any ambitious proposal, however, inevitably runs into the buzz saw of how to find the money to pay for it, rooted in myths about deficits that are hobbling us as a country. Kelton busts through the myths that prevent us from taking action: that the federal government should budget like a household, that deficits will harm the next generation, crowd out private investment, and undermine long-term growth, and that entitlements are propelling us toward a grave fiscal crisis. MMT, as Kelton shows, shifts the terrain from narrow budgetary questions to one of broader economic and social benefits. With its important new ways of understanding money, taxes, and the critical role of deficit spending, MMT redefines how to responsibly use our resources so that we can maximize our potential as a society. MMT gives us the power to imagine a new politics and a new economy and move from a narrative of scarcity to one of opportunity.

Unlike other dry business books, this refreshing, straightforward guide from Logo Design Love author and international designer David Airey answers the questions all designers have when first starting out on their own. In fact, the book was inspired by the many questions David receives every day from the more than 600,000 designers who visit his three blogs (Logo Design Love,

Identity Designed, and DavidAirey.com) each month. How do I find new clients? How much should I charge for my design work? When should I say no to a client? How do I handle difficult clients? What should I be sure to include in my contracts? David's readers—a passionate and vocal group—regularly ask him these questions and many more on how to launch and run their own design careers. With this book, David finally answers their pressing questions with anecdotes, case studies, and sound advice garnered from his own experience as well as those of such well-known designers as Ivan Chermayeff, Jerry Kuyper, Maggie Macnab, Eric Karjaluoto, and Von Glitschka. Designers just starting out on their own will find this book invaluable in succeeding in today's hyper-networked, global economy.

In the nonprofit sector, money drives mission. Well-managed budgets and investments can spur long-term growth and achievement, while financial mismanagement can damage and even destroy organizations. Weikart, Chen, and Sermierùin their exciting new text geared wholly to nonprofits provide the financial tools nonprofit managers need to thrive in pursuit of mission success. Given the wide array of nonprofit managers' backgrounds, and recognizing that there is often an inherent fear of "the financials" the authors explain financial concepts without leaning unnecessarily on intimidating jargon. The

result is a practical, accessible resource the prepares the next generation of nonprofit managers in financial planning and analysis as well as conventional and entrepreneurial financial management. Grounded in real-world cases and offering plenty of opportunity for application and practice, Budgeting and Financial Management for Nonprofit Organizations helps readers develop a stable fiscal foundation and sound financial strategies for their organizations to prosper in times of economic expansion and contraction.

This book makes an important contribution to the formation of new and analytically richer perspectives in the important area of economics it addresses.

Although we have been successful in our careers, they have not turned out quite as we expected. We both have changed positions several times—for all the right reasons—but there are no pension plans vesting on our behalf. Our retirement funds are growing only through our individual contributions. Michael and I have a wonderful marriage with three great children. As I write this, two are in college and one is just beginning high school. We have spent a fortune making sure our children have received the best education available. One day in 1996, one of my children came home disillusioned with school. He was bored and tired of studying. “Why
