Year 8 Science Scheme of work | Teaching Resources

A scheme of work produced as optional guidance from the Qualifications and Curriculum Authority (QCA) to support the teaching of science at Key Stages One and Two (students aged 5-11), and intended to cover all the requirements of the 2000 National Curriculum programme of study. Context. While the scheme of work is intended to be ¶a comprehensive and stimulating basis for schools planning their science curriculum for 2000 and beyond¶, and to ¶help schools improve standards¶ the ...

Key Stages One and Two Schemes of Work - Science | STEM

Schemes of work. Our schemes of work support teaching and lesson planning. They follow the syllabus and aim to improve both your teaching and your learners¶ potential. You can choose what approach to take according to the needs of your school and the ability of your learners. Suggestions for independent study, formative assessment and extension activities are highlighted throughout.

Schemes of work

This scheme of work provides ideas about how to construct and deliver a course. The 2016 syllabus has been broken down into teaching units with suggested teaching activities and learning resources to use in the classroom. The scheme of work suggests teaching approaches, internet sites, references to textbooks and a variety of other ideas. It is not in itself a detailed course description but a teacher wishing to follow it in that way will discover that the entire syllabus is covered.

Scheme of work

Activate is the most popular course for KS3 Science* and provides ideal preparation for all GCSE routes, with comprehensive and flexible assessment and progression. Have you seen our differentiated Intervention Workbooks yet? And did you know that Activate is also available for the AQA KS3 Syllabus?

Activate KS3 Science - Oxford University Press

If you use search on the ASE's school science website (linked from resources on the ASE site) to look for reviews of schemes of work you will find reviews of Snap Science and Switched On Science. Not sure about assessment in the Kent Scheme but SNAP has built in AFL opportunities, success criteria for each lesson, tracking grids and short extra assessment activities to use if needed

Science Schemes of Work | STEM

Our new KS3 Science Syllabus organises the big ideas and topics of the programme of study into clear objectives. It outlines what your students need to know, what they must be able to apply and how to extend that knowledge where appropriate. The syllabus is easy to use. Just like a specification, it lays out clearly the key requirements.
