AAPC's Official CPC® Certification Study guide is specifically designed to help individuals prepare for the CPC® exam. Twenty chapters will guide you through a review of anatomy and terminology, ICD-10, HCPCS, and CPT® coding for each body system, E/M coding, anesthesia, radiology, pathology/laboratory and appropriate use of modifiers. This covers all the content sections found on the exam and will also provide you with testing tips for taking the AAPC's CPC® exam. The study guide is not an introduction to coding but a review of coding concepts. Key Features: - Anatomy and Medical Terminology Review - Practical Examples - Testing Techniques for CPC® exam - Questions designed to mimic the CPC® certification exam - Each chapter includes ten review questions geared to test important coding concepts - Study guide written by same task force who wrote the CPC® exam - 200+ Test your Knowledge questions with answers and rationales

AAPC's CPB™ Certification Study guide is specifically designed to help individuals prepare for the CPB™ exam. The CPB™ study guide contains fourteen chapters to review each section of the CPB™ exam in detail and provides practical examples, sample questions, and test taking techniques. Topics include healthcare regulations pertinent to medical billing; insurance modules and consumer driven health plans; the patient registration process and data capture; the basics of ICD-10-CM, CPT®, and HCPCS coding; medical necessity; medical claim forms and the billing process; accounts receivable and the collection process; and detail on government carriers, common commercial carriers, and workers' compensation. If you have billing experience or have successfully completed medical billing training, this study guide will optimize exam preparation. The study guide is not an introduction to billing but a review of billing concepts. Key Features: - Practical Examples - Testing Techniques for CPB™ exam - Questions designed to mimic the CPB™ certification exam - Each chapter includes ten review questions geared to test important concepts - Study guide written by same task force who wrote the CPB™ exam - 50 question practice test, including cases, with answers and rationales AAPC's CPB™ Online Practice Exams are highly recommended to supplement this study guide. These online practice exams will add an additional 150 questions to your preparation.

AAPC's CRC® Certification Study guide is specifically designed to help individuals prepare for the CRC® exam. The chapters will guide you through a review of ICD-10-CM documentation and coding, risk adjustment models, predictive modeling and quality of care, how risk adjustment relates to medical financial matters, clinical documentation barriers, and frequently coded conditions in risk adjustment models. The study guide covers all the content sections found on the exam and will also provide you with testing tips for taking the AAPC's CRC® exam. The study guide is not an introduction to coding but a review of coding concepts. Key Features: - Practical Examples - Testing Techniques for CRC® exam - Questions designed to mimic the CRC® certification exam - Each chapter includes ten review questions geared to test important coding concepts - 50 Test your Knowledge questions with answers

and rationales AAPC's CRC® Online Practice Exams are highly recommended to supplement this study guide. These online practice exams will add an additional 150 questions to your preparation.

The CPC Exam Study Guide has been updated for 2018! It includes a 150 question practice exam, answers with full rationale, Medical Terminology, Common Anatomy, The Exam Study Guide, Secrets to Reducing Exam Stress, and Scoring Sheets. It is designed for students preparing for the medical coding certification exam after January 1, 2018. ***** Look at what some students had to say after using our practice exams ***** "I just wanted to let you know that I was preparing for the CPC exam and took a practice exam and only made a 70%. I was somewhat skeptical of purchasing your strategies and practice in fear it would not help. Reluctantly, I purchased your product (a practice exam and the strategies to pass) before sitting for the CPC exam. I received my results yesterday. I MADE A 92! I used all of the strategies you recommended (time management, highlighting, etc), which made all the difference in the world. Thank you so much!!!" - Heather T. "This is very good... I used your practice exam bundle and passed the first time. I also recommended this to others preparing for the test in our organization. They ordered and felt it was of great value. I especially appreciated the explanation for the answers which helped me learn while I corrected the test. When I took the practice test, I set a timer for 5 hr 40 min. and was able to complete in 3 hours with a score of 89%." - Linda B, CPC. "I purchased your practice exam package and think it's great. Using your tips, I completed all 150 questions in 297 minutes and scored an 84%." - Elizabeth H. "I am thrilled to report Greg that I passed my CPC Exam on December 12th!" - Kathleen C. "Your test was amazing, it help me out a lot." - Vickey L. "Well the practice test helped me pass my CPC exam. I got he good news last week!" - Erica J. "I wanted to thank you for the CPC practice exam. Thanks to the practice I was able to pass the CPC and CCA exams on the first take. Your exam really helped me work on timing and the lab questions were especially helpful." - Mark T. "Woohooooo, I passed! I also went for the Medical Administration certificate and passed that as well. Thanks for all your hints and practice exams to help me pass. Wow I am glad that's over. Thanks again!" - Deanna A. "I did purchase the practice exam from you before the new year and I passed my CPC. I found out literally new years eve! Thanks for the great exam!" - Sabrina. "I took the CPC exam Dec. 7. As a matter of fact, I did pass the CPC exam and your practice exam helped. Thanks! Go ahead and list my name in your Certified Coders section." - Lester B. "I have passed the CPC and thank you for all of your help with the preparation materials." - Victoria S.

To help individuals prepare for the COCT™ (formerly CPC-H®) examination, the AAPC has developed the COCT™ Study Guide. In each chapter of the study guide, pertinent outpatient/facility coding principles are followed by coding scenarios related to that chapter. The study guide is not an introduction to coding but a review of coding concepts.

Individuals who are preparing to take medical coding exams should note that study guides can help them earn the competitive score they want. This is the case for several reasons, including the fact that these study guides tend to incorporate a lot of helpful material, including: medical and anatomy terminology reviews, testing techniques for the exam, questions that parallel the CPC certification exam, practical examples, review questions designed to test the student's knowledge of important coding concepts, and many more.

AAPC's CICT™ Certification Study guide is specifically designed to help individuals prepare for the CICT™ exam. Twelve chapters will guide you through a review of anatomy, and terminology, ICD-10-CM and ICD-10-PCS diagnosis and procedure coding for acute care facilities, outpatient reimbursement concepts, and inpatient reimbursement concepts. This covers all the content sections found on the exam and will also provide you with testing tips for

taking the AAPC's CIC™ exam. The study guide is not an introduction to coding but a review of coding concepts. Key Features: - Anatomy and Medical Terminology Review - Practical Examples - Testing Techniques for CIC™ exam - Questions designed to mimic the CIC™ certification exam - Each chapter includes ten review questions geared to test important coding concepts - Study guide written by same task force who wrote the CIC™ exam - Practice exam including 20 question multiple choice and 5 fill-in-the-blank coding cases with answers and rationales AAPC's CIC™ Online Practice Exams are highly recommended to supplement this study guide. These online practice exams will add an additional 60 multiple choice questions and 10 fill-in-the-blank coding cases to your preparation.

To help individuals prepare for the COC™ (formerly CPC-H®) examination, the AAPC has developed the COC™ Study Guide. In each chapter of the study guide, pertinent outpatient/facility coding principles are followed by coding scenarios related to that chapter. The study guide is not an introduction to coding but a review of coding concepts.

Packed with test-taking tips and techniques, the 2014 CPC CERTIFICATION STUDY GUIDE delivers a current and comprehensive review that is the ideal prep for the AAPC CPC Certification Exam. The guide begins with a complete summary of the business of medicine, ensuring a solid understanding of the medical office and the role of the coder. It covers ICD-9-CM guidelines using real-life examples. Each body system is reviewed, including coverage of the anatomy, related diagnosis coding, CPT coding, HCPCS Level II coding, and modifiers. End-of-chapter questions are modeled after those on the actual certification exam, and operative notes give readers further hands-on experience coding what they have learned. An end-of-guide practice exam gives readers additional practice putting their skills to the test.

AAPC's CDEO® Certification Study guide is specifically designed to help individuals prepare for the CDEO® exam. Ten chapters will guide you through provider communication and compliance, clinical conditions and diagnosis coding, documentation requirements associated with E/M services and CPT coding. This study guide covers each section found on the exam, plus it will provide you with testing tips for taking AAPC's CDEO® exam. If you have coding or auditing experience or have successfully completed documentation training, this study guide will optimize your exam preparation. This study guide is not an introduction to clinical documentation, but a review of documentation concepts. Key Features: Practical Examples Testing Techniques for CDEO® exam Questions designed to mimic the CDEO® certification exam Each chapter includes ten review questions geared to test important coding concepts Study guide written by same task force who wrote the CDEO® exam Practice exam with 50 multiple choice questions with answers and rationales AAPC's CDEO® Online Practice Exams highly recommended to supplement this study guide. These online practice exams will add an additional 60 multiple choice questions and 10 fill-in-the-blank coding cases to your preparation.
