A life's work is not a series of stepping-stones onto which we calmly place our feet, but more like an ocean crossing where there is no path, only a heading, a direction, which, of itself, is in conversation with the elements." ? The best-selling author of *The Heart Aroused* assesses the workplace in terms of opportunity for rediscovering, shaping, and nurturing our personal lives, as he applies the stages of a holy pilgrimage to the process of seeking one's identity through work. Reprint.

Our greatest opportunity for discovery and growth is in the thing we most often want to get away from: our work. It's where people spend the majority of their time, and it's where many spend much of it wishing they were somewhere else, doing something else. And it's where people often spend their time not being present, and not being themselves. Whyte points out that as human beings we are the one part of creation that can refuse to be itself. Our bodies can be present in our work, but our hearts, minds and imaginations can be placed firmly in neutral or engaged elsewhere.

The author assesses the workplace in terms of opportunity for rediscovering, shaping, and nurturing our personal lives, as he applies the stages of a holy pilgrimage to the process of seeking one's identity through work.

Jacek Lidwin presents "Unknown People", a book containing 126 black and white street portraits. This book highlights provoking and contemporary examples of the medium of portraiture. Jacek is trying to express his perspective on individuals, unknown people who he meets in the streets of Poland. His art illustrates Osho's words: "We are born alone, we live alone and we die alone. Aloneness is our very nature but we are not aware of it". He is inspired by street photography of Robert Frank, Henri Cartier-Bresson, Robert Doisneau.

A radical, "crystalline" (Elle) approach to integrating our work, relationships, and inner selves from the bestselling author, poet, and speaker. The author of *Crossing the Unknown Sea* and *The Heart Aroused* encourages readers to reimagine how they inhabit the worlds of love, work, and self-understanding. Whyte suggests that separating these "marriages" in order to balance them is to destroy the fabric of happiness itself. Drawing from his own struggles and the lives of some of the world's great writers and artists-from Dante to Jane Austen to Robert Louis Stevenson-Whyte explores the ways these core commitments are connected. Only by understanding the journey involved in each of the three marriages and the stages of their maturation, he says, can we understand how to bring them together in one fulfilled life.

Our greatest opportunity for discovery & growth is in the thing we most often want to get away from: our work. It's where people spend the majority of their time, much of it wishing they were somewhere else, doing something else. And it's where people often spend their time not being present, & not being themselves. This book is about reawakening the sleeping captain in us before that soul crashes on the rocks. It takes us on the holiest of pilgrimages -- to the center of identity & the roots of growth. Whyte brings a new practicality to finding fulfillment & nurturing our deepest identities at work. This unique blend of poetry, gifted storytelling, & personal experience is wrapped in Whyte's lyrically inspired & powerful prose. A life-changing work!

Gillam Hale was born to free parents, and his life was untouched by slavery until his preacher father took him on a trip to minister to the Virginia slaves. Gillam wants beautiful Queen Esther from the moment he sees her, but the only way to purchase her is by distilling illicit whiskey-against his family's advice. Though Gillam achieves his aim, his talent for making fine whiskey earns the wrath of jealous white neighbors, who kidnap Gillam's family and scatter them to plantations throughout the South. Gillam escapes from his new owners, yet he can never be truly free until he finds his lost loved ones, and faces the legacy of his own rash decisions. The Knees of Gullah Island follows Gillam, Queen Esther and their son, Joseph, in the years surrounding the Civil War and Reconstruction, when the destiny of a nation hung in the balance. Filled with richly drawn characters and details that bring the past to vibrant life, this is a timeless story of love, loss, hope and rebirth.

An exploration of work as an opportunity for discovering and nurturing our deepest selves. We spend most of our time in the workplace - and what holds us back at work is what will hold us back the longest in terms of our personal development. A blend of poetry, story-telling and experience, this book is about how we find fulfilment through work. The text applies the stages of a pilgrimage to the process of seeking identity through the unknown sea of work.

The Damned Algernon Blackwood - Two friends, Bill and Francis, come to visit a lonely absent friend. Blackwood writes about a house that may be haunted, or maybe it isn't. Strange things happen in the house, so strange that the friends don't want to sleep alone
