Cub Cadet 2X 526 SWE 26 in. 243cc Two-Stage Electric Start ...  
The Cub Cadet 526SWE is the very worst snow blower I have used. Poor lugs on tires, bogs easily in heavy snow and worse in wet snow even when going slowest speed available.The material steel is very light gauge. If you are given this snow bower high ratings you either work for them, or sell them. I am glad I still have the 1992 John deere 826.

Cub Cadet 526 SWE Snowblower Reviews, Prices and Specs

How To Fix Your Cub Cadet Snow Blower That Won't Start ...  
The 526 SWE is powered by an engine designed and built by Cub Cadet. It's a 4 stroke, 0.28 liter engine. This powers the auger which has a diameter of 0.3 m (12 inches) and will break up even heavily compacted snow, ice and wet snow. This is mainly due to the fact it is constructed from high strength steel that is heavily serrated.
