"36 weekly lessons, each including: teacher resource page, geography vocabulary, reproducible map, two questions per day, challenge question, answer key; includes access to 36 downloadable maps"--Cover.

180 Days of Geography is a fun and effective daily practice workbook designed to help students learn about geography. This easy-to-use fifth grade workbook is great for at-home learning or in the classroom. The engaging standards-based activities cover grade-level skills with easy to follow instructions and an answer key to quickly assess student understanding. Each week students will explore a new topic focusing on map skills, applying information and data, and connecting what they have learned. Watch students build confidence as they learn about location, place, human-environment interaction, movement, and regions with these quick independent learning activities. Parents appreciate the teacher-approved activity books that keep their child engaged and learning. Great for homeschooling, to reinforce learning at school, or prevent learning loss over summer.Teachers rely on the daily practice workbooks to save them valuable time. The ready to implement activities are perfect for daily morning review or homework. The activities can also be used for intervention skill building to address learning gaps.

The world in spatial terms -- Places and regions -- Physical systems -- Human systems -- Environment and society -- The uses of geography -- Bibliography -- Answer key -- Vocabulary practice -- Geography word log --

Reproducibles.

Supplement your social studies curriculum with 180 days of daily geography practice! This essential classroom resource provides teachers with weekly geography units that build students' geography knowledge, and are easy to incorporate into the classroom. In a world that is becoming more connected and globalized, 21st century students must have the skills necessary to understand their world and how geography affects them and others. Students will develop their map and spatial skills, learn how to answer text- and photo-dependent questions, and study the 5 themes of geography. Each week covers a particular topic and introduces students to a new place or type of map. The first two weeks consist of a mini-unit that focuses entirely on map skills. For additional units, students will study various places, and how culture and geography are related. With a focus on US states, students will explore various types of maps including physical maps, political maps, topographic maps, thematic maps, climate maps, and various topics including scale, legends, cardinal directions, latitude and longitude, and more. Aligned to state standards and National Geography Standards, this resource includes digital materials.

Maps and perforated, reproducible pages to help children become familiar with the function of maps and how to find locations on a map or globe. Correlated to National Geography Standards.

Lesson plans and activities to teach science to elementary level students.

"36 weekly lessons, each including: teacher resource page, geography vocabulary, reproducible map, two questions per day, challenge question, answer key; includes access to 36 downloadable maps"--Page 1 of cover.
