The book that inspired Marie Kondo's The Life Changing Magic of Tidying Up, Nagisa Tatsumi's international bestseller offers a practical plan to figure out what to keep and what to discard so you can get--and stay--tidy, once and for all. Practical and inspiring, The Art of Discarding (the book that originally inspired a young Marie Kondo to start cleaning up her closets) offers hands-on advice and easy-to-follow guidelines to help readers learn how to finally let go of stuff that is holding them back -- as well as sage advice on acquiring less in the first place. Author Nagisa Tatsumi urges us to reflect on our attitude to possessing things and to have the courage and conviction to get rid of all the stuff we really don't need, offering advice on how to tackle the things that pile up at home and take back control. By learning the art of discarding you will gain space, free yourself from "accumulation syndrome," and find new joy and purpose in your clutter-free life.

The Art of Tidying Up tackles the contemporary issue of de-cluttering your life. This includes not just the physical aspects of de-cluttering a home or a room, but also the emotional clutter that many experience. This book teaches hoarders how to recognize, understand and conquer the emotions and compulsions that lead to clutter. Kim provided smart, practical techniques and methods that can be implemented every day to clear away clutter and keep it away. More than just “the physical stuff”, The Art of Tidying Up blends compassion and critique to create a detailed plan to achieve a minimalist mindset, both physically and emotionally.

Declutter your desk and brighten up your business with this transformative guide from an organizational psychologist and the #1 New York Times bestselling author of The Life-Changing Magic of Tidying Up. The workplace is a magnet for clutter and mess. Who hasn't felt drained by wasteful meetings, disorganized papers, endless emails, and unnecessary tasks? These are the modern-day hazards of working, and they can slowly drain the joy from work, limit our chances of career progress, and undermine our well-being. There is another way. In Joy at Work, bestselling author and Netflix star Marie Kondo and Rice University business professor Scott Sonenshein offer stories, studies, and strategies to help you eliminate clutter and make space for work that really matters. Using the world-renowned KonMari Method and cutting-edge research, Joy at Work will help you overcome the challenges of workplace mess and enjoy the productivity, success, and happiness that come with a tidy desk and mind.

Finalist for the International Man Booker Prize, winner of the Premio Campiello, short-listed for the Independent Foreign Fiction Award upon its first English-language publication in the UK, and published to critical acclaim in fourteen languages, this mesmerizing historical novel by one of Italys premier women writers is available in the United States for the first time.The Silent Duchess is the story of Marianna Ucra, the victim of a mysterious childhood trauma that has left her deaf and mute, trapped in a world of silence. In luminous language that conveys both the keen visual sight and the deep human insight possessed by her remarkable main character, Dacia Maraini captures the splendor and the corruption of Marianna's world and the strength of her unbreakable spirit.

As the definition of designer expands and architects today create everything from jewelry to urban masterplans, a new wave of objects ranging from furniture to small-scale architectural inventions is transforming our interior spaces. Boosted by digital design and manufacturing possibilities, a rising global group of independent makers is making this crossover of furniture and architecture one of the hottest and most innovative fields of design. Furnitecture presents some two hundred examples of this new design typology, by renowned architects and designers from around the globe, including Danish studio KiBiSiS design for a reconfigurable bookshelf system, Japanese architect Shigeru Bans moving boxes within rooms, Dutch designers Makkink & Beys conversational Ear Chairs and French atelier 37.2s series of self-standing cubes.
