DESTINOS is an innovative beginning Spanish program based on a 26-week television series premiering on PBS in the fall of 1992. The 52 half-hour shows of the series use the powerful appeal of a uniquely Hispanic genre -- the telenovela (soap opera) -- to make language and culture come alive. The situation and context of each episode introduce students to the basic structures, language functions and vocabulary groups of Spanish that are then presented in the print materials. (Most grammar explanations and exercises are in the workbook/study guides.) This complete one-year course is designed to help students develop communicative proficiency -- listening, speaking, reading, and writing -- as well as cultural awareness in Spanish. The plot of DESTINOS is designed to engage student viewers from the very beginning. A wealthy Mexican patriarch, nearing the end of his life, reveals a secret he has kept from his family for many years. His revelation leads to some important questions that must be answered before he dies. Raquel Rodr í guez, a Mexican-American lawyer, embarks on a search for those answers, a search that takes her to Spain, Argentina, Puerto Rico, and back to Mexico. Students and viewers can join in the search -- learning Spanish and about the rich and diversified cultural context in which it is spoken throughout the world.

A multi-part telenovela which presents the vocabulary, grammatical structures and functions of Spanish in a natural, conversational way, emphasizing comprehension through context and actions. Tells the story of Raquel Rodríguez, an attorney from Los Angeles, who is hired by an aging Mexican industrialist to investigate a long-buried secret about his past. Her quest takes her to Spain, Argentina and Puerto Rico.

This video-based text for Beginning Spanish underscores McGraw-Hill ' s reputation for developing groundbreaking language materials. Based on 26 hours of an engaging video drama that takes viewers around the Spanish-speaking world, Destinos is an effective program that can be used successfully in Spanish classes, as a college course for distant learners, and by individuals studying on their own.
