Digination offers an inter-disciplinary overview of the psychic, social, and institutional effects of some of the most popular digital communication technologies and applications operating today. The book is written in an engaging style appropriate for non-specialist readers interested in broadening their awareness and enhancing their understanding of popular trends in media use.

Digination offers an inter-disciplinary, broad overview of the psychic, social, and institutional effects of some of the most popular digital communication technologies and applications operating today. Written in an engaging style appropriate for non-specialist readers interested in broadening their awareness and enhancing their understanding of popular trends in media use.

*Just Remembering: Rhetorics of Genocide Remembrance and Sociopolitical Judgment* analyzes a set of influential discourses of genocide remembrance to explain how public memory discourses inform sociopolitical judgment. Within this explanatory context, *Just Remembering* additionally asks how we might remember pasts marked by genocidal violence in ways that commit ourselves to a deeper understanding and more humane practice of justice.

Public relations has been swift to grasp social media, yet its impact on public relations practice remains relatively unexplored. This book focusses on a way of understanding organizational identity construction in a virtual context, developing scholarship on the importance of a virtual presence in PR management, and further, to make sense of these identities as authentic, legitimate or plausible. Through a diverse group of empirical case studies, this book explores the global perspective on organizational identities which transcend global boundaries via the internet including Volkswagen's emissions scandal and Monsanto and organized social media protests. It also explores crowdfunding – an emerging form of capitalist development constructed through sensemaking in social media. By looking at the emergence of organization in today's social media environment, it identifies how the interactive is created on a digitally mediated platform, sharing knowledge and engaging individuals in organizational identity construction. Viewing the social construction of organizational identities through this lens, this innovative book locates how identities are plausible, authentic and legitimate - or not – through their ongoing communication via social media. It will be of great interest to academics teaching and researching in public relations, organisational communication and social media.

This work addresses limitations in current approaches to rhetorical historiography and provides fresh philosophical ground that responds to these limitations. By integrating philosophical ideas, a philosophy of communicative engagement is formed and illustrated with descriptions of three women's successful efforts to change the face of society.

The Model Rules of Professional Conduct provides an up-to-date resource for information on legal ethics. Federal, state and local courts in all jurisdictions look to the Rules for guidance in solving lawyer malpractice cases, disciplinary actions, disqualification issues, sanctions questions and much more. In this volume, black-letter Rules of Professional Conduct are followed by numbered Comments that explain each Rule's purpose and provide suggestions for its practical application. The Rules will help

you identify proper conduct in a variety of given situations, review those instances where discretionary action is possible, and define the nature of the relationship between you and your clients, colleagues and the courts.

**Intercultural Public Relations: Theories for Managing Relationships and Conflicts with Strategic Publics** develops a coherent framework to unify the theories of public relations and intercultural communication, and, within the framework, examines empirical studies of intercultural interactions. This book follows an intercultural approach, which considers how individuals and entities with dissimilar cultural identities interact and negotiate to solve problems and reach mutually satisfying outcomes. This work provides a theory-driven, empirically supported framework that will inform and guide the research and practices of intercultural public relations. Furthermore, it provides numerous levels of analysis and incorporates the use and challenges of social media. The book examines theories and issues in three integrated processes: Identification of publics Relationship management Conflict resolution These areas represent the most critical functions that public relations contributes to organizational effectiveness: scanning the environment, identifying strategic publics, and building long-term, quality relationships with these publics to reduce costs, gain support, and empower the publics themselves. In doing so, the book adopts simultaneously public-centered and organization-centered perspectives. This unique work will serve as an essential reference for students, practitioners, and scholars in today's global public relations environment.

The **Public Relations Handbook** is a comprehensive and detailed introduction to the theories and practices of the public relations industry. It traces the history and development of public relations, explores ethical issues which affect the industry, examines its relationship with politics, lobbying organizations and journalism, assesses its professionalism and regulation and advises on training and entry into the profession. The **Public Relations Handbook** combines theoretical and organizational frameworks for studying public relations with examples of how the industry works in practice. It draws on a range of promotional strategies and campaigns from businesses, public and non-profit organizations including the AA, Airbus, BT, Northamptonshire County Council, Cuprinol and Action for Children. The Fourth Edition includes: case studies, examples and illustrations from a range of campaigns from small and multinational corporations, local government and charities; a companion website with new international case studies updated quarterly; specialist chapters on financial public relations, internal communications and marketing public relations; strategic overviews of corporate identity, globalisation and evaluation; a thorough examination of ethics and professionalism; more than fifty illustrations from recent PR campaigns; a completely revised chapter on corporate social responsibility a new chapter on risk, issues and crisis management.

**Corporate Communication: A Marketing Viewpoint** offers an overview of the framework, key concepts, strategies and techniques from a unique marketing perspective. While other textbooks are limited to a managerial or PR perspective, this book provides a complete, holistic overview of the many ways communication can add value to an organization. Step by step, this text introduces the main concepts of the field, including discipline and function frameworks, corporate identity, corporate and employer branding, corporate social responsibility, stakeholder management, storytelling, corporate associations, identification, commitment and acceptability. In order to help reinforce key learning points, grasp the essential facts and digest and retain information, the text offers a comprehensive pedagogy, including: chapter summaries; a list of key words and concepts; case studies and questions at the end of each chapter. Principles are illustrated through a wealth of real life examples, drawn from a variety of big, small, global and local companies such as BMW Group, Hidria, Lego, Mercator, Krka, Barilla, Domino's Pizza, Gorenje, Si Mobil, BP, Harley-Davidson and Coca-Cola. This exciting new textbook is essential reading for all professional corporate marketing and communication executives, as well as undergraduate and postgraduate students of marketing and public relations, not to mention managers

who need a complete and accurate view of this increasingly important subject.

Corporate branding and communication is big business. Companies throughout the world invest millions in strategies which aim to reinvent their profile in subtle yet important ways. The investment must be working, but what is it being spent on, and how do these rebranding exercises work? Including contributions from academics and practitioners, this important collection unravels the complexities of this growing field of study. The text is split into three coherent sections, focusing in turn on identity, communication and reputation. Case studies are used throughout the book to illustrate important issues, such as the basic principles of visual communication, the importance of reaching both internal and external stakeholders, and the challenges faced by companies working in multi-cultural environments. This book brings clarity and new theoretical insights to an important aspect of modern business. It is an invaluable companion for all students, researchers and practitioners with an interest in marketing, communications and international business.
