With more than 800 pages of comprehensive facts about all aspects of alternative ways to wellness, Prescription for Nutritional Healing, Fifth Edition, unites the best of age-old remedies with twenty-first- century science.

Brainstorming Questions in Toxicology is designed to serve as a comprehensive, quick reference supplement for various examinations that include sections on toxicology. It reflects the breadth and multidisciplinary nature of toxicology with an objective approach to the subject. With 3500 short questions and answers, multiple choice questions, true/false or correct/incorrect statements, fill in the blanks, and matching the statements, this book is a helpful tool for students, teachers and toxicologists preparing for licensure and certification exams. It is also a resource or refresher for toxicologists working in pharmacy, medical, clinical and forensic toxicology, veterinary, and other related fields such as environment and eco-toxicology. Key Features: Serves as a refresher for academicians and professionals in the field of toxicology Provides an essential guide for the student who needs a study aid for toxicology and the teacher of toxicology who needs inspiration when composing questions for their students Supplements in-house training courses in toxicology that exist in some pharmaceutical and chemical industries

To be the best doctor you can be, you need the best information. For more than 90 years, what is now called Goldman-Cecil Medicine has been the authoritative source for internal medicine and the care of adult patients. Every chapter is written by acclaimed experts who, with the oversight of our editors, provide definitive, unbiased advice on the diagnosis and treatment of thousands of common and uncommon conditions, always guided by an understanding of the epidemiology and pathobiology, as well as the latest medical literature. But Goldman-Cecil Medicine is not just a textbook. Throughout the lifetime of each edition, periodic updates continually include the newest information from a wide range of journals. Furthermore, Goldman-Cecil Medicine is available for all users of ClinicalKey, Elsevier's full library of subspecialty textbooks that can be accessed by readers who may want even more in-depth information. More than 400 chapters authored by a veritable "Who's Who" of modern medicine A practical, templated organization with an emphasis on evidence-based references Thousands of algorithms, figures, and tables that make its information readily accessible Supplemented by over 1500 board-style questions and answers to help you prepare for certification and recertification examinations
