Dirt Bikes Motorcycles Made For

There are various types of off-road motorcycles, also known as dirt bikes, specially designed for off-road events. The term off-road refers to driving surfaces that are not conventionally paved. These are rough surfaces, often created naturally, such as sand, gravel, a river, mud or snow.

Dirt Bikes: Made for rough terrain. Dirt bike racing is an adrenaline-fueled sport full of extremely risky stunts. Dirt bikes are light and powerful motorbikes that are specially designed for rough terrains such as gravel, mud, sand, and snow. In comparison to motorbikes used for paved surfaces, dirt-bikes have much more knobbly tires to provide extra grip.

experience as great as possible. It is a great product, but can be made better, that is where we come in. My purpose in life is to make motorcycles better and possibly designing and manufacturing my own. That is a major undertaking, so for now making the Sur-ron bike better will be my focus.

Hopefully I can make your Sur-ron bike better for you.
