Readers Interested In India`S Antiquity, Students And Researchers. Has 10 Chapters Followed By A Useful Bibliography And An Index.

A major contribution towards the different perspectives and issues central to understanding ancient India This book engages with some of the most important issues, debates, and methodologies in the writing of ancient Indian history. Thematically structured, the first section discusses religious and regional processes through a meticulous analysis of inscriptions and material remains. The second—based extensively on archival sources—connects ancient and modern India through a discussion of the beginnings of Indian archaeology and the discovery, interpretation, and reinvention

Online Library Discovery Ancient India Early Archaeologists Beginnings

of ancient sites in colonial and post-colonial times. The third underlines the importance of reconstructing the intellectual landscape of ancient India through a sensitive, yet, critical historicization of political ideas in texts and inscriptions. The final section makes a strong case for situating ancient India within a broader, Asian, frame.

A History of Ancient and Early Medieval India is the most comprehensive textbook yet for undergraduate and postgraduate students. It introduces students to original sources such as ancient texts, artefacts, inscriptions and coins, illustrating how historians construct history on their basis. Its clear and balanced explanation of concepts and historical debates enables students to independently evaluate

evidence, arguments and theories. This remarkable textbook allows the reader to visualize and understand the rich and varied remains of India's ancient past, transforming the process of discovering that past into an exciting experience.

Basic Approach Developed as a comprehensive introductory work for scholars and students of ancient and early medieval Indian history, this book provides the most exhaustive overview of the subject. Dividing the vast historical expanse from the stone age to the 12th century into broad chronological units, it constructs profiles of various geographical regions of the subcontinent, weaving together and analysing an unparalleled range of literary and archaeological evidence. Dealing with prehistory and

prothistory of the subcontinent in considerable detail, the narrative of the historical period breaks away from conventional text-based history writing. Providing a window into the world primary sources, it incorporates a large volume of archaeological data, along with literary, epigraphic, and numismatic evidence. Revealing the ways in which our past is constructed, it explains fundamental concepts, and illuminates contemporary debates, discoveries, and research. Situating prevailing historical debates in their contexts, Ancient and Early Medieval India presents balanced assessments, encouraging readers to independently evaluate theories, evidence, and arguments. Beautifully illustrated with over four hundred photographs, maps, and figures, Ancient and Early Medieval India helps visualize and understand the

history in all its continuities and diversities from its Palaeolithic beginnings to AD 300. The second edition includes a new afterword which discusses all new ideas and discoveries in Indian archaeology in the past one decade.

Margarita Diaz-Andreu offers an innovative history of archaeology during the nineteenth century, encompassing all its fields from the origins of humanity to the medieval period, and all areas of the world. The development of archaeology is placed within the framework of contemporary political events, with a particular focus upon the ideologies of nationalism and imperialism. Diaz-Andreu examines a wide range of issues, including the creation of institutions, the conversion of the study of antiquities into a profession, public memory,
