Dostoevsky is once supposed to have said that all the Russian literature of his time emerged from Gogol ' s The Overcoat; and even though the alleged utterance is probably apocryphal, se non è vero, as the Italians say, è ben trovato. ¹ Russian literature of the 1840s was dominated by the rise of the Natural School, and the most important writers of the time, including Dostoevsky, did emerge originally from the capacious folds of Gogol ' s overcoat. But...

Dostoevsky: The Seeds of Revolt, 1821-1849. by Joseph Frank. Princeton University Press. 401 pp. \$16.50. In recent years, Dostoevsky criticism has tended to downgrade the role of ideas in the novelist ' s work and to concentrate instead on the formal aspects of his prose. This has been true not only in the West but also (to a lesser degree) in the USSR, though for opposite reasons.

Studies the early life of the great nineteenth-century Russian writer, considering him first as a novelist, not as a member of the intelligentsia who happened to write novels

The term "biography" seems insufficiently capacious to describe the singular achievement of Joseph Frank's five-volume study of the life of the great Russian novelist Fyodor Dostoevsky. One critic, writing upon the publication of the final volume, casually tagged the series as the ultimate work on Dostoevsky "in any language, and quite possibly forever." Frank himself had not originally intended to undertake such a massive work. The endeavor began in the early 1960s as an exploration of Dostoevsky's fiction, but it later became apparent to Frank that a deeper appreciation of the fiction would require a more ambitious engagement with the writer's life, directly caught up as Dostoevsky was with the cultural and political movements of mid- and late-nineteenth-century Russia. Already in his forties, Frank undertook to learn Russian and embarked on what would become a five-volume work comprising more than 2,500 pages. The result is an intellectual history of nineteenth-century Russia, with Dostoevsky's mind as a refracting prism. The volumes have won numerous prizes, among them the National Book Critics Circle Award for Biography, the Christian Gauss Award of Phi Beta Kappa, the Los Angeles Times Book Prize, and the James Russell Lowell Prize of the Modern Language Association.

Joseph Frank's award-winning, five-volume Dostoevsky is widely recognized as the best biography of the writer in any language--and one of the greatest literary biographies of the past half-century. Now Frank's monumental, 2500-page work has been skillfully abridged and condensed in this single, highly readable volume with a new preface by the author. Carefully preserving the original work's acclaimed narrative style and combination of biography, intellectual history, and literary criticism, Dostoevsky: A Writer in His Time illuminates the writer's works--from his first novel Poor Folk to Crime and Punishment and The Brothers Karamazov--by setting them in their personal, historical, and above all ideological context. More than a biography in the usual sense, this is a cultural history of nineteenth-century Russia, providing both a rich picture of the world in which Dostoevsky lived and a major reinterpretation of his life and work.

From the author of the definitive biography of Fyodor Dostoevsky, never-before-published lectures that provide an accessible introduction to the Russian writer's major works Joseph Frank (1918 – 2013) was perhaps the most important Dostoevsky biographer, scholar, and critic of his time. His never-before-published Stanford lectures on the Russian novelist's major works provide an unparalleled and accessible introduction to some of literature's greatest masterpieces. Presented here for the first time, these illuminating lectures begin with an introduction to Dostoevsky's life and literary influences and go on to explore the breadth of his career—from Poor Folk, The Double, and The House of the Dead to Notes from Underground, Crime and Punishment, The Idiot, and The Brothers Karamazov. Written in a conversational style that combines literary analysis and cultural history, Lectures on Dostoevsky places the novels and their key characters and scenes in a rich context. Bringing Joseph Frank ' s unmatched knowledge and understanding of Dostoevsky's life and writings to a new generation of readers, this remarkable book will appeal to anyone seeking to understand Dostoevsky and his times. The book also includes Frank's favorite review of his Dostoevsky biography, "Joseph Frank's Dostoevsky" by David Foster Wallace, originally published in the Village Voice.

This fifth and final volume of Joseph Frank's biography of Fyodor Dostoevsky details the last decade of the writer's life, a time that won him the universal approval towards which he always aspired.
