In Drawing and Painting Animals, exceptional artwork and step-by-step lessons help aspiring artists draw wildlife that's not only accurate but also captures the personality of the animal! First, readers will find sage how-to advice for finding the right subjects, working on location, drawing from photographs, and more. Next, captivating text and clear exercises help readers practice everything from preparing the working surface to painting, glazing, and varnishing. They'll see how to add depth and texture, as well as discover tested tips for depicting fur, feathers, features, and even specific animals like big cats, monkeys, and birds. Finally, aspiring artists will be treated to hundreds of extraordinary, full-color reproductions from some of the world's best wildlife artists, including Bob Kuhn, Dino Paravano, Raymond Harris-Ching, and Roland Jonsson. This all-in-one guide is the next best thing to having your own private teacher!

Drawing and Painting People - A Fresh Approach is about confident and defiant art. Written by a practising artist and tutor, it contains inspiring examples, thought-provoking insights and practical advice about how to become more expressive and adventurous with your work. It is a book for people who are serious about painting and want to develop work that is personal and exceptional in quality. An unpretentious, non-academic approach to painting and drawing, which avoids 'painting by numbers' and offers strategies for independent working, building confidence and taking risks. Includes examples from notable artists and is superbly illustrated with colour paintings and black & white sketches.

Every technique that artists need to draw or paint a terrifying painted purgatory is presented in this how-to manual. Author Keith Thompson instructs on the creation of zombies, ghouls, assassins from alien planets, and many other hideous specters.

This is a botanically based (as opposed to free-form drawing) practicalmanual on how to paint a vast range of plants in watercolour and othermedia.

For anyone who's eager to learn to draw or paint, as well as for artists already skilled in one medium and wishing to learn another, this practical and comprehensive primer provides thorough coverage of the materials and techniques of all the most popular drawing and painting media. 800+ full-color illustrations.

Capturing the landscape on paper requires the artist to look - to look deep into the distance and deep into the soul. This practical book celebrates the genre of landscape painting - the wonder of discovering the extraordinary in the everyday scene. Philip Tyler looks in detail at the materials, techniques and approaches needed to paint the landscape, and offers advice on how to portray space, light, atmosphere and different weather conditions. Supported by the words and images of other notable artists, he explains how to transfer one's emotional response to the landscape onto paper or canvas. There are exercises to support the 50 lessons in the book and over 300 colour images illustrate the text.

Includes techniques and approaches for all types of buildings, from Classical architecture to continental buildings. Each picture is annotated in detail with practical techniques. This practical and inspirational book will help artists successfully capture the beauty and detail of urban landscapes and individual buildings in drawing media as well as watercolor. Drawing & Painting Buildings is a comprehensive guide to the subject, packed with practical advice, from simple exercises for perspective and color mixing for man-made materials to choosing one's composition and capturing and editing detail. This is an essential resource for painting and drawing buildings of all sorts, from townhouses to public buildings, each accompanied by stunning finished artworks and annotated with indispensable tips and techniques. -- Publisher details.
